

Painting Tooth

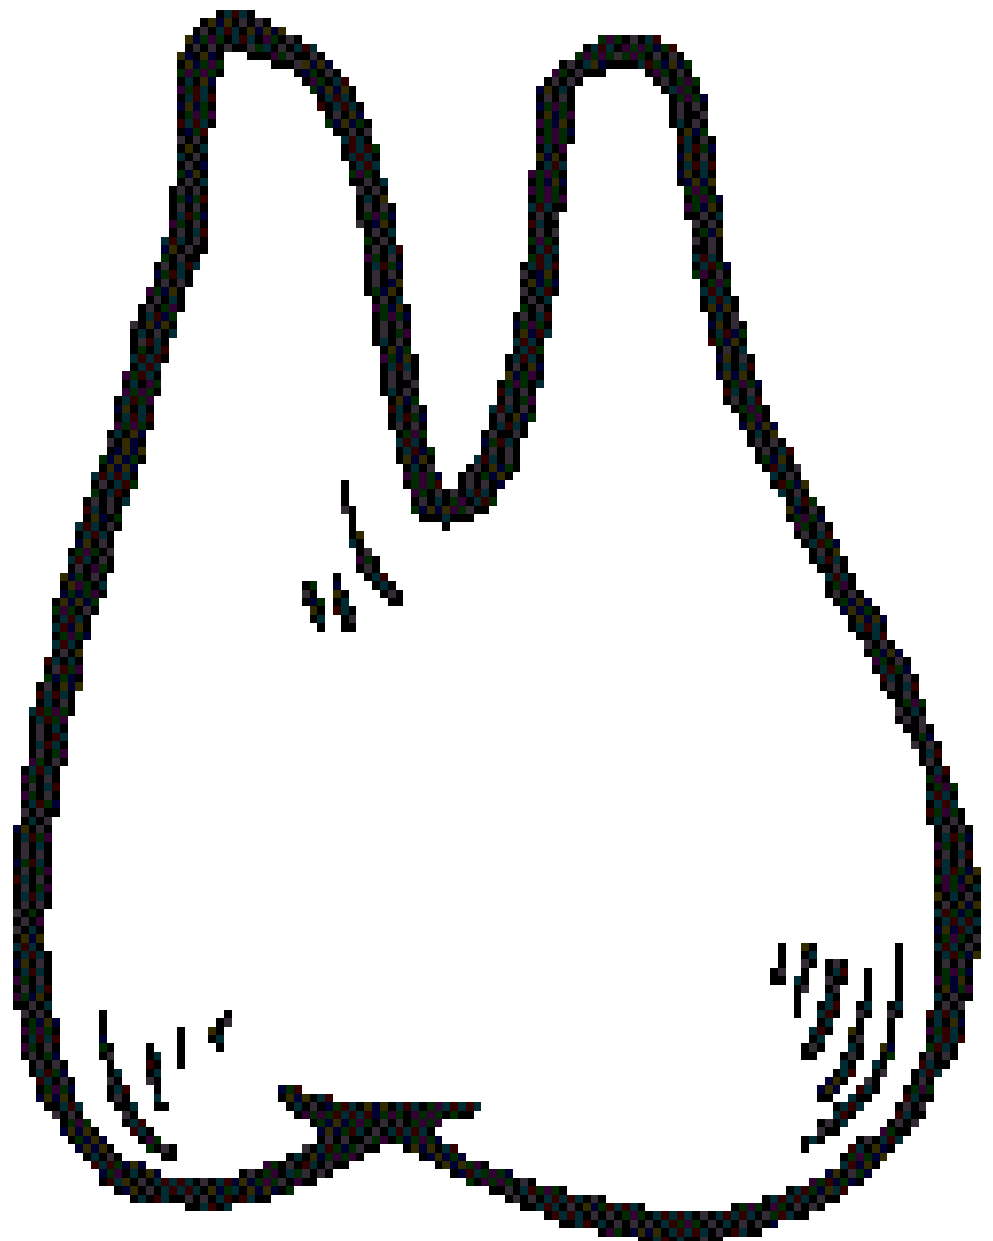

Directions:

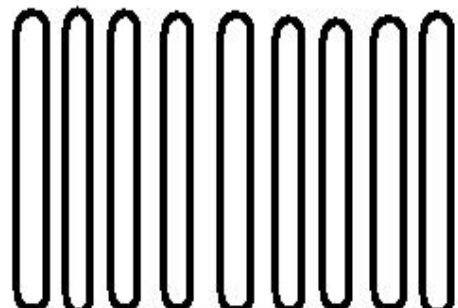

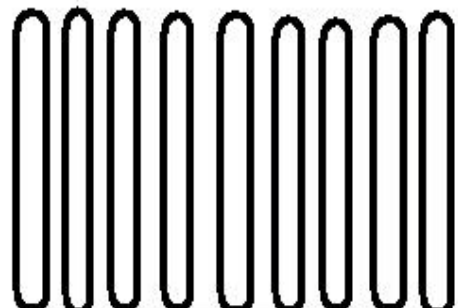

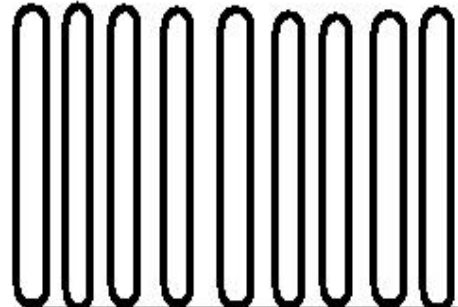

- Print up the following tooth sheet onto yellow card stock. 1 tooth per child.
- Have children use old toothbrush to paint the yellow tooth white.
- Let dry - using a hole punch, punch a hole in the top and attach a piece of yarn. Hang from the ceiling.

Please note: There are also sheets of a toothbrush and toothpaste. Have children color or paint. Punch a hole into the items and attach yarn. Hang from the ceiling with the teeth the children did.
