This section has the worksheet for your “Caterpillar to Butterfly” theme. Worksheets are theme related and also include the letters B & C, numbers 1 & 2, shape circle, and color blue. There are enough sheets to do every day. (This depends on if you would like the theme to run 1 to 2 weeks, or 1 month). Pick and choose the sheets you wish to use each day and print up one for each child.

Don’t feel bad if you don’t use all the sheets. Alternate and use different sheets the following year.
CATERPILLAR TO BUTTERFLY
COUNTING BOOK

There are 2 formats of this book.

1ST book includes the number of each object.

2ND book has a space for children to write the number of each object.

Use the appropriate book for each child. Print up on white regular paper or cardstock. Trim and staple on the left side to create a book.

Butterflies start out as caterpillars.
Circle the caterpillars and color.
Draw on Me....
Butterfly eggs come in many shapes and colors.
The caterpillar is a long-worm like stage of the butterfly.

A covering of silky strands spun by a caterpillar and inhabited for protection during its pupal stage.
The butterfly is what merges out of the cocoon.

Draw your own colorful butterfly.
BUTTERFLY INFORMATION
COLOR SHEETS
Butterflies are among the most beautiful insects in the world.
Butterflies need sun to warm their bodies. They often rest in the sunshine.
You can find all the colors of the rainbow on the wings of butterflies.
Some butterflies have spots on their wings that look like big eyes. These “eyes” scare enemies.
