

DENTAL HEALTH MAGNET COUNTING

To use a magnet page:

- Purchase cookie sheets and OfficeShip Power Magnets.
- Print up sheets on white card stock.
- Laminate.
- Have children place a sheet on a cookie sheet.
- Have children place the correct number of magnets in each row. (Number 1 = 1 magnet, # 2 - 2 magnets, etc).
- You also have the option of having the children place the correct color and number of magnets in each row.

This activity is designed to promote number counting and color recognition.

Match the number with the correct color of magnets.

To purchase on-line from Amazon.com, click on picture. You will be asked to allow link. Click on allow, and you will go directly to the magnet link.
