

FRIDAY FOLDERS

For an easy way to transport home the children's work each week, send it home in Friday Folders.

Purchase pocket folders. Using the following sheet, print up and add the child's name on the line. Using double sided tape (or glue), tape the label to the front of the pocket folder. Place a piece of clear contact paper over the label to keep it in place.

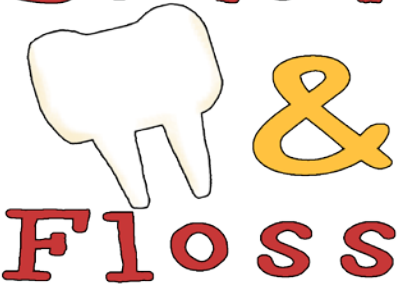

Each day, place the worksheets, crafts, any notes home in the pocket folder and send home on Friday.

Let parents and children know that the folders are to be returned the following Monday.

All Friday folders returned on Monday receive a sticker. The children love to see their Friday Folders – in time – full of stickers and it's an easy way to transport all the fun things they made at your child care / preschool.
