Halloween ABC Match Up Cards

• Print up on white card stock.
• Trim the ABC cards and picture cards.
• Lay the ABC cards out on a table and have children match the pictures with the letter they start with.

Example:

Letter A a: apple, airplane
Letter B b: bat, broom, etc.

(Words of each item can be printed on the back. After printing up the picture cards, turn the sheet over and print the words on the back).

Additional idea: Use cards and have children practice writing the words on paper.
