123 Learn Curriculum is designed to promote the physical, social-emotional, cognitive, and language development of children. Every child is a unique person with an individual pattern and timing of growth. We believe in respecting and responding to each child's learning preference.

Play is a young child's "work" as they touch, manipulate, and experiment with materials, explore and observe the environment, and interact with adults and one another. Children are also highly encouraged to initiate their own activities and learning. Piaget states that "children should be able to do their own experimenting and their own research. Teachers of course, can guide them by providing the appropriate materials, but the essential thing is that in order for a child to understand something, he must construct it himself, he must re-invent it.

Children learn best with repetition. Repetition is an essential key to the physical development of a child's brain. The more something is repeated the more likely children are to remember it. Repetition in a variety of forms also increases the likelihood of reaching children with different learning styles and provides a more comprehensive understanding of concepts.

123 Learn Curriculum provides this opportunity through fun themes such as dinosaurs and monsters. Each theme incorporates a letter, color, number and shape, and themes that provide hands on opportunities to make learning fun.

123 Learn Curriculum also understands the areas of child development and incorporates the Minnesota's Early Childhood Indicators of Progress into lesson plans. Letting providers know what domains are being touched on with each activity listed under infant, toddler and preschool daily plans.

~Where Playing is Learning~

What is 123 Learn Curriculum? 123 Learn Curriculum is a professionally planned preschool curriculum designed to be used in both family childcare homes and centers. This program offers the ease of printing up each day what you need and saving on waste. Money saving, this curriculum can be used over year after year.

What are the goals of 123 Learn Curriculum? 123 Learn Curriculum was developed by a childcare provider since 1985. The activities included are age appropriate and designed to help the whole child grow, and develop socially, physically and intellectually. Our program will help prepare each child for kindergarten, while opening the door for the children to be creative and express their artistic abilities.

123 Learn Curriculum grants permission to owners to print and modify these pages for their home and single classroom use only. These pages cannot be otherwise distributed or sold, in paper or digital format. Please do not share on e-mail lists or through websites. Please contact me if you have any questions.

Special thanks to all the graphic artists for their permission and license to display their graphics on the pages of 123 Learn Curriculum. Please check the graphic credit page to see what graphic sites have been used.

123 Learn Curriculum is suitable for children ages 2 to 5 but includes activities for infants and toddlers.

Jean

DOCUMENT CREATED BY:

JEAN LANG
123 LEARN CURRICULUM

GRAPHICS USED:

Hint on printing:

To save on ink - change your print quality on your printer to fast.

To do: Click print - properties - change print quality from standard to fast.

This will give you a lower quality page but will save on ink.

DOWN ON THE FARM

Lesson Plan Preschool

This section has the lesson plan for your Down on the Farm theme.

Pre-planned lesson plans are done using a specific book. Books are taken off the “Down on the Farm” book list and can easily be found in your local library or store. You can also use a different book to go with this theme.

All sheets are in order and labeled for each day the sheets are to be used. Print up the number of sheets you need each day. Worksheets are theme related and also include the letter Y, number 4, shape triangle and color pink.

Print up sheets on regular copy paper. For better durability, use card stock. Don't be limited by your imagination!

Use markers, colored pencils, paint, paint daubers, etc. Don't stick to just crayons. 😊

Down on the Farm

Letter: Y

Number: 3

Shape: Triangle

Color: Pink

~Where Playing is Learning~

If Down on the Farm is your first themed curriculum you are using from 123 Learn Curriculum, please print up the following letter to hand out to parents.

This will let them know of the new curriculum you're using in your childcare / preschool.

Please note: On the following page you have the option of typing your name directly onto the letter. Type in the blue box and print.

Blue box will not print.

~Where Playing is Learning~

Dear Parents,

We are using a new preschool program this year called 123 Learn Curriculum. Each week will be weekly, bi-weekly or monthly theme.

Themes that your children will enjoy like: Outer Space, Monsters, Garden Fun and the current theme we're working on Down on the Farm.

Some of these projects will be taken home to share with you and others will be group activities that you can ask about. I think that both you and your child will enjoy this new program as much as I will.

Please make sure you spend time looking at what your children do each week. They are so proud of what they do!

Thank you

How to Read the ECIPs

The organization of the domains is designed to be easy-to-understand and aid in planning by teachers for individuals and small groups of children. The ECIPs are now displayed as an age continuum within each domain and include the following elements:

- DOMAINS are major areas of development.
- COMPONENTS are specific areas of learning within each domain.
- SUBCOMPONENTS are consistent strands within a component across the full age-range continuum.
- INDICATORS are expectations for observable outcomes for the child at specific ages. For quick reference, indicators are now numbered within the domain and subcomponent.
- INDICATOR NUMBERS identify the location of an indicator within the domain, component and subcomponent.

The learning domains included in the ECIPs are:

1. Social and Emotional Development
2. Approaches to Learning
3. Language, Literacy and Communications
4. The Arts
5. Social Systems: Cognitive
6. Physical and Movement Development
7. Mathematics
8. Scientific Thinking

There are five age ranges identified, one for each year of a child's life from birth to kindergarten entry. The age ranges in the new ECIPs are:

- 0-1 year
- 1-2 years
- 2-3 years
- 3-4 years
- 4-5, K-readiness

Note: In the Language, Literacy and Communications domain, the first two age ranges are slightly different than in the other domains. This is because of the large amount of research that highlighted these age ranges as important in language development.

Remember, children's development is highly variable. Children will not always demonstrate indicators identified for their chronological age. They may show some behaviors identified for younger children or may demonstrate some skills and knowledge beyond their present age. The ECIPs are formatted in a continuum across different age ranges so that teachers and providers can identify where each child is performing and easily see what the next expectation is in the continuum. They can also see the indicator(s) in a previous age range, which can guide teachers to plan for missed or needed experiences and adapt curricula accordingly.

To view pdf files of each ECIP, please click on the link below.

http://ceed.umn.edu/wp-content/uploads/2017/05/Early-childhood-indicators-of-progress_Preschool.pdf

When putting together the Down on the Farm theme, the following pages show you an example binding the preschool lesson plan.

You can put into the lesson plan the pages you want. Sample shows cover sheet printed on photo quality paper*, and a transparent binding cover. Additional sheets are printed on copy paper 24 lb. You can find items at your local office supply store or purchase directly from Amazon.

Click on picture to purchase from Amazon.

Transparent Binding Covers

* You can print the cover up on white card stock, but photo paper gives the cover a brighter color. You are covering with a transparent sheet so it will protect the ink.

Copy Paper 24 lb

You can bound lesson plan using a binding machine that use coils or combs. Sample shows using coils. You can have this done at a local office supply store or purchase your own to use.

On the following page there are 2 samples of comb or coiled machine you can purchase directly from Amazon or go onto their search bar and type in binding machine.

Comb machine

Social and Emotional Development Preschool

Domain 1: Social and Emotional Development

- Emotional Development
- Self-Concept
- Social Competence and Relationships

Social and Emotional Development ideas. These ideas can be done daily.

- Emotional Development. Greet all children each morning by name and smile.
- Focus on children's strengths and successes.
- Show children you have faith in their abilities. Encourage them to try doing things themselves and provide them with experiences for success.
- Talk with children as you go about your day. Tell them what you are doing, what you see. Point things out to them.
- Enrich children's daily routines such as mealtime, naps, etc., by sharing looks, smiles, conversations, and stories.
- Reflect their achievements in a positive but realistic manner.
- Take time to follow a child's lead. Join them in floor-time play and talk with them about their activities whenever possible. Have them share what they are doing.
- Set up an environment where initiative is more likely to lead to success than to failure.
- Well-planned and well-stocked learning centers increase the likelihood that children will engage in play and learning with each other.
- Be a positive role model. Offer children opportunities to observe you being a kind and caring person.
- Help children learn a variety of words to fully express their feelings.
- Comment on the positive things that children do.

© 2012 Learn Curriculum

- For children who lack specific social skills, such as sharing or inviting a friend to play, provide frequent skill-building opportunities and take advantage of teachable moments.
- Respect each child's personal characteristics, while realizing that some children need more alone time than others.
- See the learning in mistakes – When a child makes a mistake turn the negative into a positive. Focus on what he/she learned from the mistake.

Each child is unique:

- Have children look at themselves in a full-length mirror. Discuss their total appearance and how they are alike or different from the other children. Help them see that no one is exactly alike.
- Blindfold the children, one at a time. Have each child feel the face and hair of classmates and then feel their own face and hair. The children will find that people feel different.
- Record each child's voice during an activity period. Children listen to the voices and guess which voice goes with each child.
- Write the children's names on a strip of paper. Compare the letters in the names.
- Play "Guess Who". Pick a child out of the classroom. Tell three clues about the person and have the children guess who the person is.
- Encourage the children to bring a favorite item from home and discuss why it is their favorite object.
- Make hand and footprints and compare them to the others in the classroom.
- Children can begin to explore racial and ethnic differences by examining differences in skin color, hair texture, and eye shape. Create graphs of how many in the class have blue eyes, black hair, etc.
- Have several children stand in a line in front of the class. Name the child who is first, second, third and so on. Ask the children to change positions. Then have each child in line name his or her new position. To vary the activity, have the children at their seats name each child in line and describe his or her position.
- Have the children make a self-portrait using a paper plate. Give them yarn for hair and allow them to add their features to the plate.
- Supply each child with an empty Pringles or similar can and a sheet of construction paper. Have each child decorate the construction paper and glue it to the can to create a time capsule. Encourage the children to fill the can with personal items, such as a picture of himself, a drawing, etc. Replace the lids and store the time capsules until the end of the year.

- Use a magnifying glass to look at their hair, nails and skin.
- Tape a piece of paper to the wall. Place a lamp or overhead projector in front of the paper so that the light shines on it. In a learning center, have a child sit sideways in the light of the lamp. Trace the child's silhouette onto the paper. Cut out. Have the child look through magazines and cut out pictures of things that he or she likes. They can then glue the pictures to their silhouettes as collages.

Each child's body grows:

- Ask the children what they want to be when they grow up and why.
- Have the children think of some things they can't do now but can do when they grow older. What are some things they can do now that they couldn't do when they were younger?
- Role play the growth process from baby to father or mother to grandparent. The child can interpret the process as he or she goes along. Children can also develop a short play about the family.
- Teachers can help children appreciate their growing skills and abilities by pointing out, for example, that they can run, throw a ball, walk on tiptoe, share materials, control a crayon when drawing, etc.

Each child is part of a family.

- Have the children name some of the rules their family has and discuss why these rules are important. Discuss the jobs that need to be done at home. Make sure children understand that families must work together.
- Make a sharing collage. Use fabric scraps, paper scraps and other materials. Have children color and paste these materials on a large sheet of mural paper.
- Role play the growth process from baby to father or mother to grandparent. The child can interpret the process as he or she goes along. Children can also develop a short play about the family.
- Take the children's fingerprints twice. Leave one alone, but let the children use the other one to paint on. Give the children both copies to send home.

People have different feelings and emotions:

- Ask the children to make faces of a certain emotion (sad, mad, happy, etc.) Provide some scenarios for these emotions (falling off a bike-sad, someone hitting them-mad, etc.).
- Have children cut out pictures of faces from magazines showing different facial expressions.

Monday – Friday

Every morning – greet children by name and with a smile. Have eye contact and show children that you are happy to see them each morning.

Domain: Social and Emotional Development
Component: S6-8: Social Understanding and Relationships

Subcomponent: S7 Building relationships:
 Child establishes and sustains relationships with others

S7.8 Shares information and participates in activities with adults and peers

Monday – Friday

Everyday sing or play music for children. You might not have the greatest voice, but children can connect, bond and this is a fun way to interact with all children.

Domain: The Arts
Components A3-4: Using the Arts to express Ideas and Emotions

Subcomponent: A3 Using Art:
 Child demonstrates interest and emotions in artistic expression

A3.5 Elects to spend time in artistic express with purpose and analyzes their work

Spend time reading to children every day. Reading to children set the foundation for later independent reading. Benefits include boosting school readiness - reading is one of the easiest ways to increase school readiness. When you read to children, you're helping to build their vocabulary, language and literacy skills, while improving concentration, curiosity and memory. Research shows that the more words a child is exposed to, the better prepared they are to eventually start reading on their own.

Domain: Language Literacy Communications

Component: L4-8: Emergent Reading

Subcomponent: L4 Motivation, Engagement:

Child has an interest in and sustained attention for literacy acts

3-4 years

L4.10 Shows persistence with longer and more complex narratives and informational text

L4.11 Offers a personal response to stories read aloud

4-5 K-Readiness

L4.12 Actively participates in reading activities with enjoyment and purpose

L4.13 Retells familiar stories using the book as a guide

As you spend each day singing to the children, they are benefiting in so many ways. Having a special song for waking up, and other routine transitions and activities helps them know what comes next.

Language – through your singing, you are introducing a whole new vocabulary. Rhyming songs – children in time will recognize rhymes. Listening skills – like reading, singing is an activity that requires listening. There are so many benefits that you just might want to grab that Mic and go for it. ☺

Domain: Language, Literacy and Communications

Component: LLC 1-2: Listening and Understanding; Receptive Language

Subcomponent: L1 Language Comprehension:

Child understands the meaning of words and phrases (receptive) and uses those words and phrases to communicate effectively (expressive)

L1.13 Follows directions that involve two or more steps

Monday – Friday Planned Activities

- Keep circle time consistent.
- Average time for circle time is 5 to 10 minutes.
- Keep children engaged by asking open ended questions.
- Repetitive text encourages children to join in on familiar parts.
- Use different voices for the different characters.

Circle Time

Book Choice: Mrs. Wishy-Washy's Farm Greeting: A Circle of Friends
 Daily Message
 Song: Farm Sounds

Talk about what life is like living on a farm. There is a page in the lesson plan describing a farmer's life. This should be printed up and added to your lesson plan book for easy viewing. Talk about the crops farmers grow and animals they raise.

Discuss the different types of farmers. Do they raise crops or animals?

Print up what is your favorite farm animal activity

Goals:

- Learn about what animals live on a farm.
- See what everyone's favorite farm animal is.
- Count each farm animal and see which animal is the favorite.

Poem: Farm Counting Song

Print up posters:

- Support your Local Farmer.
- Farm Life
- Farm Machinery and Tools
- Farm Facts
- Different Animal Facts

Print up the following posters and hang up during the week in your circle time area.

Letter of the Week: Y
Number of the Week: 4
Color of the Week: Pink
Shape of the Week: Triangle
Sign Language: Cow

Daily Jobs

Suggested daily jobs to do during circle time:

- Day of the Month
- Weather of the Day
- Dinosaur or Volcano Graphing

Circle time for children under three years old should be voluntary and not forced.

Use circle time to inform the children the theme for the week and all the activities that lay ahead for the day.

ECIPs **Domain: Social and Emotional Component: Social Understanding and Relationships:**
Subcomponent S7 Building relationships: Child establishes and sustains relationships with others

Domain: Language, Literacy and Communications Component: Emergent Reading
Subcomponent L4 Motivation, engagement: Child has an interest in and sustained attention for literacy acts

Monday Small Group

Small group is an important time to teach skills. Play games that include numbers and letters to reinforce. Writing, working in journals, sorting colors and shape recognition. Adjust your daily schedule.

Reading

Read: My Friends on the Farm from preschool lesson plan.

- Print up correct book you would like to use.
- You have 2 options: With or without printed words to print.
- Print up teachers copy.

Writing

Write: Have children practice writing words from My Friends on the Farm

- You will be using this book for the week to practice writing words, so keep that in mind when having children practice writing words. You can also have children write on index cards or paper.

Activity: Down on the Farm Color Match

You have the option of using color or b & w templates. Ahead of time decide which template you will use, and will you use stickers, paint daubers or play dough

Tuesday Small Group

Reading

Read: My Friends on the Farm

- Read book together as a group.
- Have children take time to color some of the book and write a word in the book.

Writing

Write: Print up colored sheets, laminate for on the farm tracing. You also have the option to use b & w copies for children to do and place in their Friday folders.

Print up additional b & w sheets and keep items in writing center.

Activity: Down on the Farm Cube Pictures

You will need Mathlink Cubes. You can click on the picture on the direction page. You will need to print up templates and laminate ahead of time. Children will be building and counting in this activity. Using small motor skills and math. You also have the option to have children color patterns. Read directions and decide the option you will use.

ECIPs **Language, Literacy and Communications**
 Physical and Movement Development

Mathematics - Cognitive

Wednesday Small Group

Small groups are a highly-effective instructional method that allows you to target your instruction to meet the needs and skills of each student in your classroom.

Reading

Read: My Friends on the Farm.

- Read book together as a group.
- Have children take time to color some of the book and write a word in the book.

Activity: Farm Bingo

- Print up farm bingo templates and have everything prepped and ready to go. Decide what you are going to use as bingo cover up. Read full directions to have prepped and ready.

Writing

Write: If I Were a Farmer worksheet.

- Ask children to draw a picture of themselves as a farmer. What would they need to use? Tractor, pitchfork, horse, etc.
- Have children write what their favorite farm animal is. Have children look through the vocabulary words located in the writing center to see how to spell their favorite animal.

Thursday Small Group

Reading

Read: My Friends on the Farm book.

- Read book together as a group.
- Have children take time to color some of the book and write a word in the book.

Activity: Farm Play Doh Mats

- Print up play doh mats and laminate.
- Have available different colors of play doh.
- You can show children how to roll different colors to form the pictures.

ECIPS:
Language, Literacy and Communications
Physical and Movement Development

Writing

Write: Farm Q-Tip Painting

- Only prepping you will need is printing sheets onto white card stock.
- Have paint available along with Q-Tips.
- Encourage children to paint with the tip of the Q-Tips by dotting each circle.

Friday Small Group

The most important thing about small group is that you choose hands-on activities that are engaging and fun.

Reading

Read: My Friends on the Farm.

- Read book together as a group.
- Have children take time to color some of the book and write a word in the book.
- Finish any pages that need writing or coloring to finish the book. Send home today.

Activity: Farm Graph

Print up sheet onto regular copy paper. You will need crayons or markers. Have children start with the 1st picture at the top of the graph. Color the barn by the graph and then have them go above and color how many barns that are up in the group of farm pictures. There is one picture so the children will color one square in the graph.

Continue with each children until they are done coloring all picture and filling in the graph.

ECIPS:
Language, Literacy and Communications
Physical and Movement Development

Mathematics - Cognitive

Down on the Farm Monday Advance Preparation

- Locate the book you would like to use for the week during circle time. Theme related and something age appropriate. You can check the book list included with this theme.
- Stick with one book for the week for circle time but have a selection of theme related books in your reading center.
- Ahead of time print up the wall charts for the letter Y, number 4, color pink and shape triangle. Decide if you're going to use color or B & W. If using B & W, color them ahead of time. Hang the wall charts in the playroom or around your circle area. Use B & W sheets for additional color sheets for children.
- Purchase any necessary ingredients for cooking or snack activities you wish to do during the week.
- Print up worksheets you will need for the day.
- Make sure to have all craft materials on hand for any projects you will be doing this week.

Down on the Farm Monday

- Welcome each child – Start circle time on Monday letting children know what the new theme is for the week. Down on the Farm. Encourage children to share anything they know about farm life. Print up down on the farm posters. Hang up on wall or make a book. The posters come in color and b & w so you can make a coloring book for each child.
- Color Time Greeting: A Circle of Friends
- Introduce the letter of the week:
 - Letter Chant:
 - Raise your hands up high – reach for the sky.
 - Reach your hands down low – tickle your toes.
 - Put your hands to your side and slap your thighs.
 - Letters, letters, Letters have names.
 - What is the name of this letter?
- On a small dry eraser board, write down the letter Y. Ask the children to tell you the letter, and ask them if it is an upper case or a lower-case y. Once they tell you the letter, erase it, and write it small in the upper right-hand corner. Ask them to give you words that start with the letter d. Sound them out, so they hear the y sound. Draw the picture. (You don't have to be an artist; the children enjoy your effort). You can also use the following sheets for d words.
- If you do "jobs" during circle time, you can do those now. (Examples: What's the weather outside? What is today's day? Calendar).
- Interactive Song: Farm Sound Puppets

Print the following cover
on white card stock.

Down on the Farm

People have different feelings and emotions:

- Ask the children to make faces of a certain emotion (sad, mad, happy, etc.) Provide some scenarios for these emotions (falling off a bike-sad, someone hitting them-mad, etc.).
- Have children cut out pictures of faces from magazines showing different facial expressions.

Lesson Plan for preschoolers is done
using the book – Mrs. Wishy-Washy's
Farm by Joy Cowley

You can use the same concept and ideas
with a different book. You can locate the
above book through Amazon.com. (Also
check your local library).

Thank you
Jean

Print up the following page onto white card stock and hang up on the bulletin board if you would like to give a visual to the parents on the book you are reading for your down on the farm theme.

You will also have additional down on the farm related books to read during the week. Check the book list included with this lesson plan.

Monday – Friday

Every morning – greet children by name and with a smile. Have eye contact and show children that you are happy to see them each morning.

Domain: Social and Emotional Development
Component: S6-8: Social Understanding and Relationships

Subcomponent: S7 Building relationships:

Child establishes and sustains relationships with others

S7.8 Shares information and participates in activities with adults and peers

Spend time reading to children every day. Reading to children set the foundation for later independent reading. Benefits include boosting school readiness - reading is one of the easiest ways to increase school readiness. When you read to children, you're helping to build their vocabulary, language and literacy skills, while improving concentration, curiosity and memory. Research shows that the more words a child is exposed to, the better prepared they are to eventually start reading on their own.

Domain: Language Literacy Communications

Component: L4-8: Emergent Reading

Subcomponent: L4 Motivation, Engagement:

Child has an interest in and sustained attention for literacy acts

3-4 years

L4.10 Shows persistence with longer and more complex narratives and informational text

L4.11 Offers a personal response to stories read aloud

4-5 K-Readiness

L4.12 Actively participates in reading activities with enjoyment and purpose

L4.13 Retells familiar stories using the book as a guide

Monday – Friday

Everyday sing or play music for children. You might not have the greatest voice, but children can connect, bond and this is a fun way to interact with all children.

Domain: The Arts

Components A3-4: Using the Arts to express Ideas and Emotions

Subcomponent: A3 Using Art:

Child demonstrates interest and emotions in artistic expression

A3.5 Elects to spend time in artistic express with purpose and analyzes their work

As you spend each day singing to the children, they are benefiting in so many ways. Having a special song for waking up, and other routine transitions and activities helps them know what comes next.

Language – through your singing, you are introducing a whole new vocabulary. Rhyming songs – children in time will recognize rhymes. Listening skills – like reading, singing is an activity that requires listening. There are so many benefits that you just might want to grab that Mic and go for it. 😊

Domain: Language, Literacy and Communications

Component: LLC 1-2: Listening and Understanding; Receptive Language

Subcomponent: L1 Language Comprehension:

Child understands the meaning of words and phrases (receptive) and uses those words and phrases to communicate effectively (expressive)

L1.13 Follows directions that involve two or more steps

Circle Time

Circle time is done usually in the morning, first thing before you start your preschool day. Circle time is also called morning meeting or community circle.

The purpose of circle time is to introduce children to pre-k concepts using hands-on teaching methods, songs, movement, fingerplays, and flannel board figures and stories. In addition to a daily concept, you can also discuss the weather, calendar and name shapes.

Create Ground Rules

Generally, pupils love circle time and the opportunities it gives them to talk about themselves and one another, but it is still essential to establish some basic rules for all to follow. The rules that you apply when facilitating circle time in your classroom should certainly be understood by all involved and ideally, they should be agreed by everyone too, although this will depend to some extent on the age of the children. The reality of a well-run circle is such that very few rules are needed. You may like to work to the following as a minimum:

- Only one person is to speak at any one time.
- It's perfectly acceptable to 'pass' on anything you don't want to talk about.
- All circle members will always show respect for one another.

Music	Farm Sounds

ECIPs Domain: Social and Emotional Component: Social Understanding and Relationships:

Subcomponent S7 Building relationships: Child establishes and sustains relationships with others

S7.6 Seeks out familiar adults and children for conversation and play

S7.8 Shares information and participates in activities with adults and peers

S7.9 Builds friendship through play, learning activities and conversation with peers

Domain: Language, Literacy and Communications Component: Emergent Reading

Subcomponent L4 Motivation, engagement: Child has an interest in and sustained attention for literacy acts

L4.9 Focuses on a book while listening to the reader

L4.11 Offers a personal response to stories read aloud

L4.12 Actively participates in reading activities with enjoyment and purpose Build's friendship through play, learning activities and conversation with peers

K 0.1.10.10 Actively participates in group reading activities with purpose and understanding including the appropriate selection of text for personal enjoyment, interest and academic tasks

Monday – Friday Planned Activities

- Keep circle time consistent.
- Average time for circle time is 5 to 10 minutes.
- Keep children engaged by asking open ended questions.
- Repetitive text encourages children to join in on familiar parts.
- Use different voices for the different characters.

Circle Time

Book Choice: Mrs. Wishy-Washy's Farm

Greeting: A Circle of Friends

Daily Message

Song: Farm Sounds

Talk about what life is like living on a farm. There is a page in the lesson plan describing a farmer's life. This should be printed up and added to your lesson plan book for easy viewing. Talk about the crops farmers grow and animals they raise.

Discuss the different types of farmers. Do they raise crops or animals.

Print up what is your favorite farm animal activity

Goals:

- Learn about what animals live on a farm.
- See what everyone's favorite farm animal is.
- Count each farm animal and see which animal is the favorite.

Song: Farm Counting Poem

Print up posters.

- Support your local Farmer
- Farm Life
- Farm Machinery and Tools
- Farm Facts
- Different Animal Facts

Print up the following posters and hang up during the week in your circle time area.

Letter of the Week: Y

Number of the Week: 4

Color of the Week: Pink

Shape of the Week: Triangle

Sign Language: Cow

Daily Jobs

Suggested daily jobs to do during circle time.

- Day of the Month
- Weather of the Day
- Cow and Pig Graphing

Circle time for children under three years old should be voluntary and not forced.

Use circle time to inform the children the theme for the week and all the activities that lay ahead for the day.

ECIPs Domain: Social and Emotional Component: Social Understanding and Relationships:
Subcomponent S7 Building relationships: Child establishes and sustains relationships with others

Domain: Language, Literacy and Communications Component: Emergent Reading
Subcomponent L4 Motivation, engagement: Child has an interest in and sustained attention for literacy acts

Monday Small Group

Small group is an important time to teach skills. Play games that include numbers and letters to reinforce. Writing, working in journals, sorting colors and shape recognition. Adjust your daily schedule

Reading

Read: My Friends on the Farm

- Print up correct book you would like to use.
- You have 2 options. With or without printed words to print.
- Print up teachers copy.

Writing

Write: Have children practice writing words from the My Friends on the Farm.

- You will be using this book for the week to practice writing words, so keep that in mind when having children practice writing words.

Activity: Down on the Farm Color Match

You have the option of using color or b & w templates. Ahead of time decide which template you will use and will you use stickers, paint daubers or play dough.

Tuesday Small Group

Reading

Read: My Friends on the Farm.

- Read book together as a group.
- Have children take time to color some of the book and write a word in the book.

Writing

Write: Print up colored sheets, laminate for the on the farm tracing. You also have the option to use b & w copies for children to do and place in their Friday folders.

- Print up additional b & w sheets and keep items in writing center.

Activity: Down on the Farm Cube Pictures

You will need Mathlink Cubes. You can click on the picture on the direction page. You will need to print up templates and laminate ahead of time. Children will be building and counting in this activity. Using small motor skills and math. You also have option to have children color patterns. Read directions and decide the option you will use.

ECIPS:
Language, Literacy and Communications
Physical and Movement Development

Mathematics - Cognitive

Wednesday Small Group

Small groups are a highly-effective instructional method that allows you to target your instruction to meet the needs and skills of each student in your classroom.

Reading

Read: My Friends on the Farm..

- Read book together as a group.
- Have children take time to color some of the book and write a word in the book.

Activity: Farm Bingo

- Print up farm bingo templates and have everything prepped and ready to go. Decide what you are going to use as bingo cover up. Read full directions to have prepped and ready.

Writing

Write: If I Were a Farmer worksheet.

- Ask children to draw a picture of themselves as a farmer. What would they need to use? Tractor, pitchfork, horse, etc.
- Have children write what their favorite farm animal is. Have children look through the vocabulary words located in the writing center to see how to spell their favorite animal.

Thursday Small Group

Reading

Read: My Friends on the Farm book.

- Read book together as a group.
- Have children take time to color some of the book and write a word in the book.

Activity: Farm Play Doh Mats

- Print up play doh mats and laminate.
- Have available different colors of play doh.
- You can show children how to roll different colors to form the pictures.

ECIPS:
Language, Literacy and Communications
Physical and Movement Development

Writing

Write: Farm Q-Tip Painting

- Only prepping you will need is printing sheets onto white card stock.
- Have paint available along with Q-Tips.
- Encourage children to paint with the tip of the Q-Tips by dotting each circle.

Friday Small Group

The most important thing about small group is that you choose hands-on activities that are engaging and fun.

Reading

Read: My Friends on the Farm.

- Read book together as a group.
- Have children take time to color some of the book and write a word in the book.
- Finish any pages that need writing or coloring to finish the book. Send home today.

Writing

Write: Farm Letter Match

- You have color and b & w templates.
- You will print up color template on white cardstock. Prep the stickers ahead of time by writing the uppercase alphabet on them.
- Children will get a set of alphabet to do their page.
- If using b & w, print up and have children color the picture before adding alphabet stickers. (Matching to the lowercase letter).
- B & W template gives children the option of using their writing skills by coloring the picture. Writing and small motor skills is used with this activity.

Activity: Farm Graph

Print up sheet onto regular copy paper. You will need crayons or markers. Have children start with the 1st picture at the top of the graph. Color the barn by the graph and then have them go above and color how many barns that are up in the group of farm pictures. There is one picture so the children will color one square in the graph.

Continue with each children until they are done coloring all picture and filling in the graph.

ECIPS:
Language, Literacy and Communications
Physical and Movement Development

Mathematics - Cognitive

Down on the Farm

Monday

Advance Preparation

- Locate the book you would like to use for the week during circle time. Theme related and something age appropriate. You can check the book list included with this theme.
- Stick with one book for the week for circle time but have a selection of theme related books in your reading center.
- Ahead of time print up the wall charts for the letter Y, number 4, color pink and shape triangle. Decide if you're going to use color or B & W. If using B & W, color them ahead of time. Hang the wall charts in the playroom or around your circle area. Use B & W sheets for additional color sheets for children.
- Purchase any necessary ingredients for cooking or snack activities you wish to do during the week.
- Print up worksheets you will need for the day.
- Make sure to have all craft materials on hand for any projects you will be doing this week.

Down on the Farm

Monday

- Welcome each child – Start circle time on Monday letting children know what the new theme is for the week. Down on the Farm. Encourage children to share anything they know about farm life. Print up down on the farm posters. Hang up on wall or make a book. The posters come in color and b & w so you can make a coloring book for each child.
- Color Time Greeting: A Circle of Friends
- Introduce the letter of the week:

Letter Chant:

Raise your hands up high – reach for the sky.
Reach your hands down low – tickle your toes.
Put your hands to your side and slap your thighs.
Letters, letters, Letters have names.
What is the name of this letter?

- On a small dry eraser board, write down the letter Y. Ask the children to tell you the letter, and ask them if it is an upper case or a lower-case y. Once they tell you the letter, erase it, and write it small in the upper right-hand corner. Ask them to give you words that start with the letter d. Sound them out, so they hear the y sound. Draw the picture. (You don't have to be an artist; the children enjoy your effort). You can also use the following sheets for d words.
- If you do “jobs” during circle time, you can do those now. (Examples: What's the weather outside? What is today's day? Calendar).
- Interactive Song: Farm Sound Puppets

A Circle of Friends

We've joined together as classmates.
As the new day begins.
A day full of learning.
While we become friends.

We'll share and be kind.
As we work and we play.
Ands our friendship will grow,
With each passing day!

Farm Sounds

(Sung to: "The Wheels on the Bus")

The cows in the barn go moo, moo, moo,
Moo, moo moo – moo, boo, moo.

The cows in the barn go moo, moo, moo,
All around the farm.

Additional verses:

The pigs in the pen go oink, oink, oink;
The hens in the coops go cluck, cluck, cluck;
The rooster on the fence goes cock-a doodle-do
The ducks on the pond go quack, quack, quack;
The lambs on the hill go baa, baa, baa;
The bunnies in the hutch go;
(Silently wiggle nose with finger).

Farm Sounds Puppets

- Print up on white card stock.
- Trim – Laminate.
- Attach a small piece of Velcro to the back of each piece for felt board. (rough side)
- You can also print up, laminate and tape to a craft stick. Let children use during your farm sound song.

Farm Sounds Puppets

In B & W

Down on the Farm

Growing up on a farm is a life a lot of children will never know or experience, but they can learn about farm life and appreciate all the hard work farmers do each day keep food on our table.

Living on a farm is A LOT of work but how awesome would it be to grow and raise everything you need to eat. A farmer is a person with a special job. They grow crops, fruits, vegetables, grains on the land and they raise animals too. Farmers take care of the animals every day. They water, feed and provide them with shelter. On the farm there are chores to be done everyday. There are different types of farms.

Some Types of Farmers

- Crop Farmers
- Livestock Farmers
- Ranchers
- Dairy Farmers
- Poultry Farmers
- Organic Farmers

Farmers

Crop Farmers: Crop farmers grow crops such as grains, fruits, vegetables and cotton. They are responsible for planting, irrigating, fertilizing, harvesting and storing their crops. Crop farmers may specialize in a specific type of crop.

Livestock Farmers: Livestock farmers raise animals such as cows, pigs, chickens, and sheep. They are responsible for providing food, water and shelter to their animals as well as monitoring their health and welfare.

Down on the Farm

Like Crop farmers they may specialize in a specific type of animal raising only cow,, or another animal.

Ranchers: Ranchers primarily raise livestock, often on a large, open ranch or pasture.

Dairy Farmers: Dairy farmers specialize in producing milk and other dairy products such as cheese, yogurt and ice cream. They are responsible for caring for their cows, milking them and processing the milk into dairy products.

Poultry Famers: Poultry famers specialize in raising chickens, turkeys, ducks or other birds for meat and eggs. They are responsible for providing food, water and shelter to their birds as well as monitoring their health and wellness.

Organic Famers: Organic farmers grow crops and raise animals using organic farmer practices.

What Jobs Do a Famer Do?

- Rake the dirt
- Plant seeds
- Feed the animals
- Water the plants
- Pick the fruit
- Pick the vegetables
- Collect the eggs

The workplace of a farmer is quite unique. You could say their office is the great outdoors.

They work outdoors and are in touch with nature on a daily basis.

Down on the Farm

Farmers typically start their days very early in the morning. They check on their livestock and crops to make sure everything is healthy and growing as it should. They feed and water their animals, they tend to equipment, such as tractors and plows to make sure they are in good working condition and ready for the day's work.

A farmer's day is long as they perform a variety of tasks that include planting and harvesting crops, mending fences, and caring for their animals.

A farmer's most important aspect of their workplace is the land.

Farmers have a deep appreciation for their environment and the role they play in caring for it. The land a farmer works each day is often passed down from generation to generation.

Being a farmer is a hard but rewarding job. Their days are long, and the work is hard.

We have so much to be thankful for when talking about farmers from clothes that we wear, the food that we eat and the milk that we drink.

Farm and Farm Animal Facts Posters in Color and B & W

What is a Farm?

A farm is a place where crops or animals are raised for food or other use. Most of the food we eat comes from farms.

Most animals raised on farms are called livestock. Cows, sheep, chicken and pigs.

Livestock provide foods such as meat, milk and eggs. They also give us wool and leather.

Plants raised on a farm are called crops. Some farmers grow food crops such as vegetables, grains and fruits.

Any vegetables, or fruits you eat were probably grown on a farm.

What is your favorite fruit or vegetable to eat?

Each year, hundreds of thousands of trees are planted on farmland.

More than half of America's farmers intentionally provide habitat for wildlife.

Deer, moose, fowl, and other species have shown significant population increases for decades.

Tractors overtook horses and mules by 1954.

Texas has the most farms in the U.S.

Approximately 98% of dairy farms in the U.S. are owned and operated by families.

The most important crop to the United States is corn.

About 60% of harvested corn is fed to livestock, and 25% is exported.

FARM FACTS

Farming provides millions of American jobs.

The average U.S. farmer feeds 155 people annually in the U.S. and abroad.

Around 80 million acres of corn are planted in the U.S. each year.

Fun Farm Animal Facts

- Most kids know that pigs like to roll around in mud, but they may not know pigs do this to cool off because they don't sweat. Despite being stereotyped as dirty, pigs are actually, rather clean.
- According to many historians, goats were the first animal to be domesticated. Goats are typically the cleanest of animals. They are much more select feeders than cows, chickens, or even dogs. They typically will not eat food that has been contaminated or that has been on the floor or ground.
- While pigs prefer to spend the majority of their day at rest, they are capable of running roughly 11 miles per hour.
- Pigs communicate with each other using more than 20 different noises.
- Every cow's pattern of spots is different.
- A male cow's horns feature rings, the number of which roughly equals its age.
- With a sense of smell so strong, cows are able to detect scents up to five or six miles away.
- Like many domesticated pets, cows learn and react to the names they are given by people.

Fun Farm Animal Facts

- Although one sheep may look like any other to a person, members of the same flock have been known to recognize one another even after years of separation.
- A flock is a social group and a defense mechanism, facing threats together.
- When a sheep's fleece is shaved, it must be done in one piece, with the person doing it also holding the sheep still.
- Female goats have beards, just like the males.
- Some are born with horns and, much like human fingernails which are made of the same material, the horns continue to grow for the goat's entire life.
- Goats are not only skilled swimmers; they can also climb trees and traverse a ledge as deftly as a circus high-wire performer.
- "Cock-a-doodle-do" is often one of the first sounds that toddlers learn.
- The rooster's crow that signals the sunrise may be heard before any light is seen as chickens spot the break of light almost an hour before people do.
- Chickens wash with dust rather than water and clean feathers with their beaks.

Monday
Circle Time

Fun Farm Facts

- There are around 2.2 million farms in the United States.
- Americans spend 10% of their income on food, which is the lowest of any country.
- Approximately 97% of U.S. farms are operated by families, family partnerships, or family corporations.
- Farm and ranch families comprise just 2% of the U.S. population.
- One in three farm acres is planted for export.
- Farming employs more than 24 million American workers.
- More than 100 agricultural crops in the U.S. are pollinated by bees. In fact, one out of three bites of food people eat is thanks to honeybees.
- Bees contribute to more than \$15 billion worth of crops every year through pollination.
- Livestock farming feeds billions of people and employs 1.3 billion people. That means about 1 in 5 people on Earth work in some aspect of the livestock farming.

Down on the Farm

Monday
Circle Time

Fun Farm Facts

- The most important crop to the United States is corn.
- Corn is planted in the springtime and harvested in the fall every year.
- Corn is primarily consumed by humans, but it's also a great food for cattle.
- Humans usually eat sweet corn and popcorn.
- Farms produce all kinds of plants, animals, wool and cotton that people eat and utilize throughout the world.
- Farming is an important occupation, because everyone needs food and clothing to survive.
- Farmers work long, hard hours to give us the food that we eat.

What's Your Favorite Farm Animal?

This activity is fun to do during circle time. Take a poll and see what farm animal is the children's favorite.

You can print up the cards, place titles in the space. Talk to children about the farm animals. You can use the farm fact posters.

Goal:

- Learn about the animals that live on a farm.
- See what is the favorite animal that lives on a farm for each child..
- Count each farm animal and see which farm animal is the favorite of your class..

I Would Like To Have This Superpower!		
Being Able to Fly	Super Strength	Invisibility

Activities:

- Make a graph. There is a list of 4 farm animals. Talk to the children about the animals, discuss what they do on the farm.
- Ask them what is their favorite farm animal and why.
- Count and see what farm animal is the favorite in their class.
- Do "Farm Counting poem". Have them get up and move. (Gross Motor / Social Development).

Farm Counting Poem

One, two,
Cows moo.
Three, four,
Sheep snore.
Five, six,
Pig tricks.
Seven, eight,
Horse gate.
Nine, ten,
A big fat hen.

Sample of interactive writing – Down on the Farm

The following sheets can be used if you want to print up and tape to a large piece of paper for your interactive writing. They include farm animals and farm item pictures in both color or b & w.

ECIPs

Domain: Language, Literacy and Communication

Component L9: Writing

Subcomponent: L9 Writing Conventions: Child understands the forms and function of written language

L9.7 Demonstrates interest to writing as a way of communicating

Down on the Farm

Interactive Writing

Circle Time

Alternate Interactive Writing Idea: Using large easel paper, pre-write farm words with a picture but leave the beginning letter out. Go over the words with the children and looking at the picture, ask them what the word is. Have them sound out the word and listen for the beginning letter sound. Have one of the children come up and write the missing letter.

○ ___ow 

 ___ig

○ ___orse 

 ___arn

○ ___orn 

Down on the Farm Pictures for
Interactive Writing
Color and B & W

Down on the Farm
Monday
Circle Time – cont.

- Have children stand up and stretch before you start reading the story book you have chosen for the week.

Stretching Poem
Have children stand up.

Stretch my little fingers,
Stretch my little toes.
Wiggle my ears and
Wiggle my nose.

I can jump high,
And then turn and sit down.
I'm just a very good friend,
To have around!

Once children are seated, get ready to read the story. Read the title, author and illustrator. While reading the story, ask opened ended questions about the story. Encourage questions about the story, but direct children back to the book if their questions are not related to story. When story is done, circle time is done.

Cow sign language poster used with permission from
Baby Sign Language.

To purchase any sign language materials, please visit
Baby Sign Language @
<https://www.babysignlanguage.com/>

To view video for signing gift,
click on the link below:
<https://www.babysignlanguage.com/dictionary/c/cow/>

Cow

Signing: To make the sign for cow, make your hand into a fist then straighten your pinkie finger and straighten your thumb. The two extended fingers on your hand should look like the horns of a cow. Take your thumb and put it by the side of your head and twist your hand around.

Down on the Farm Posters

- 2 Different size posters
- Print up on white card stock.
- B & W template - color
- Laminate and hang up during down on the farm theme.

Additional idea: Print pages up and staple together to make a farm color book. There is a cover for the book in color and b & w. Place a blank piece of card stock in the back for a back cover. You have 2 options. Large or small posters.

Small Groups

Purpose of small groups:

- To work and learn with a small number of children facilitated by a teacher.
- To allow teachers an opportunity to observe and assess where every child is on the road to learning to read and write.
- To allow teachers a time to use assessment results in intentionally work with specific children
- To learn the art of conversation including listening, taking turns and talking.
- To provide participation opportunities for each child.

When are small groups appropriate in the daily schedule? Small group time may be scheduled any time during the day. Set a specific time with specific groups. Small group activities are planned in advance and may continue with the daily lesson, teach a new concept, or allow children to practice skills, such as rhyming or alliteration.

How many children are in the ideal small group? Group size will vary according to the activity, but a group of 2 – 6 is an ideal size for learning and participation.

Small Group – ECIPs

ECIPs

Domain 1: Social and Emotional Development

Component: Social Competence and Relationships

Indicators: Interacts easily with one or more children * Interacts easily with familiar adults * Begin to participate successfully as a member of a group

Domain 2: Approaches to Learning

Component: Curiosity

Indicator: Show interest in discovering and learning new things

Domain 2: Approaches to Learning

Component: Persistence

Indicator: Demonstrate ability to complete a task or stay engaged in an experience

Domain 3: Language and Literacy Development

Component: Listening

Indicator: Listen with understanding to stories, directions, and conversations

Domain 3: Language and Literacy Development

Component: Emergent Reading

Indicators: Show beginning understanding of concepts about print * Understand that writing is a way of communicating

Language, Literacy and Communications

L4.7 Shows interest in both pictures and text

L4.11 Offers a personal response to stories read aloud

L4.12 Actively participates in reading activities with enjoyment and purpose

K 0.1.10.10 Actively participates in group reading activities with purpose and understanding including the appropriate selection of text for personal enjoyment, interest and academic tasks

Physical and Movement Development

P5.9 Turns pages of a book.

P5.10 Grasps a crayon to scribble

P5.13 Draws freely on paper

P5.16 Draws letters and/or part of name with some reversals

Active Learning - Regroup

Purpose of regroup:

- To get children to talk about what they did during the day.
- To help children remember what they did during the day, so that when parents ask what they did during the day, hopefully parents will not get the automatic response "nothing".

When is regrouping appropriate in the daily schedule? Regroup with children before naptime, when you have 10 minutes to sit and talk about what they did that morning. What was the best part of their day? Get the children talking about their day.

You can also regroup in the afternoon after nap and snack, before children start going home for the day. Pick the best time in your child care / preschool to re-connect with the children.

Monday Activities

My Friends on the Farm Book

Book comes in 2 formats

- B & W for children with dotted words
- B & W without dotted

Pick the template you want to print for each child..

1. Print first 2 sheets back-to-back. Fold in $\frac{1}{2}$.
2. Print the next 2 sheets back-to-back. Fold in $\frac{1}{2}$.
3. Print up last 2 pages back-to-back. Fold in $\frac{1}{2}$ place pages inside the cover making sure they are in order before you staple.

Please note: Use the book format that works best with each child. Older children can practice writing the words without the dashes.

Staple if desired. (You will need a longer stapler in order to do this. Can be purchased at Office Max or other office supply store).

Includes color teachers copy.

My Friends on the Farm Book

Supplies needed:

- White paper (or card stock)
- Color crayons, markers or colored pencils
- Long nosed stapler for stapling the book together

Directions:

Print up copies of the My Friends on the Farm book, one for each child. There are 2 templates - with or without words for writing.

Read the book together as a group.

Have children color the pages and write the words.

Send home with each child at the end of Down on the Farm theme.

With printed words.
(For younger children)

I love farm life!

I see a farmer.

I see my friends.

I see a rooster.

I see a cow.

I see a pig.

I see a horse.

Farm Color Match

Supplies needed:

- White card stock
- Laminating sheets
- Pom poms, play dough or paint daubers.
- For b & w color match template – crayons/markers plus stickers.

Directions:

Print up color match template on white card stock.

Laminate.

Have children sit at the table with a copy of the color match template.

Decide what you are going to use ahead of time.

Are you going to use play dough, pom poms or daubers? You will need red, blue, yellow, green, black or whatever you decide to use.

Have children take the items they are using and cover the color circles on the farm picture with the correct color. If using play dough, have them roll the play dough into balls and place on the template. Pom poms, place the correct color on the template and paint daubers, paint the circles with the correct paint dauber. Keep baby wipes available to wipe off the paint daubers to use again.

You can also use the b & w template. Print up on white card stock. Have children color with crayons or markers. Have children place stickers on the circles. Whatever colors they would like to use to make a colorful farm.

Sample of stickers available from Amazon. Click on picture to purchase.

Color Match

Color Match

Tuesday Activities

Down on the Farm Tracing Sheets

Supplies needed:

- White Card Stock
- Scissors
- Laminating sheets or top loading pockets
- Dry eraser marker
- Eraser

Directions:

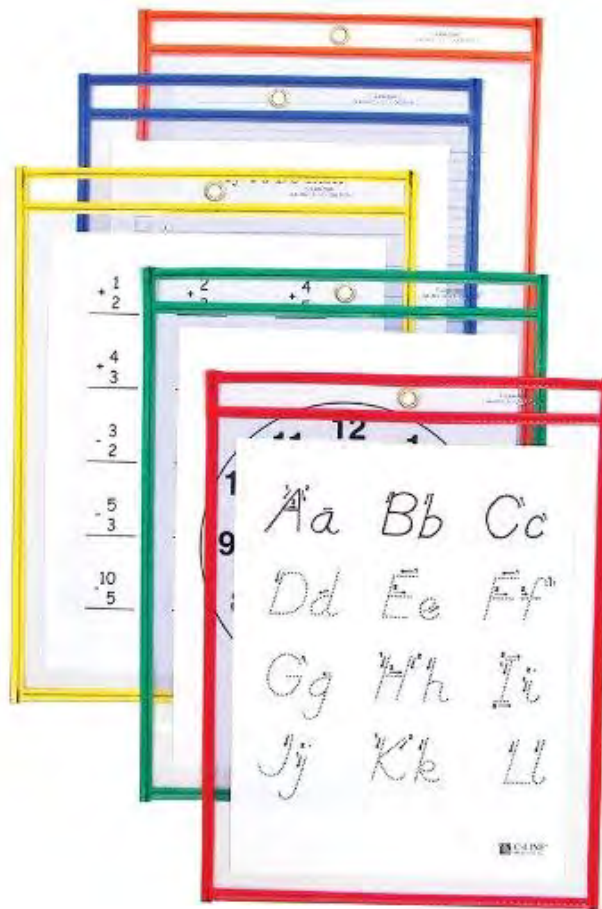

1. Print up tracing strips onto white card stock.
2. Cut out and laminate.
3. Place in writing center in a basket with dry eraser markers and eraser for children to practice pre-writing skills.

Alternate idea:

Place full printed tracing sheet into a dry eraser pocket.
Have children trace and eraser.

(Saves you from laminating and can be used over and over again with other dry eraser sheets).

Available from Amazon.com

Click on picture to purchase online. You will be prompted to allow – click on allow and you will be taken to the dry eraser pockets.

123 Learn Curriculum

Down on the Farm Tracing Sheets

B & W sheets.

Print up on regular copy paper.

Give to children to color and trace.

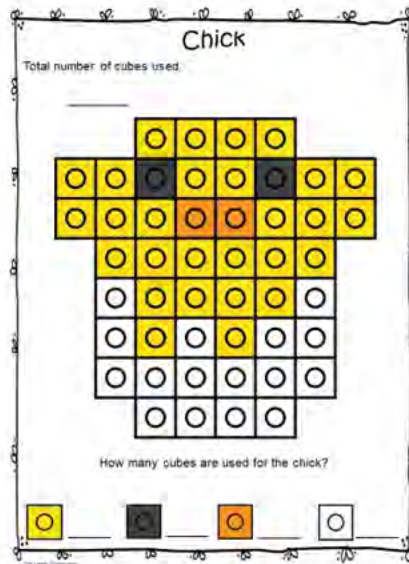

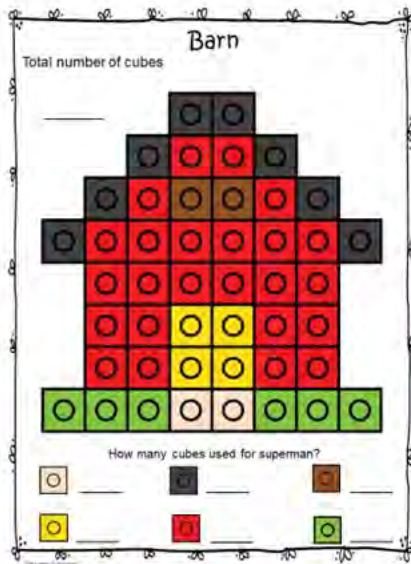

123 Learn Curriculum

Down on the Farm Cube Pictures

Supplies needed:

- White card stock
- Laminating sheets
- Mathlink cubes
- Dry eraser marker
- Eraser

Directions:

- Print up Mathlink mats onto white cardstock.
- Laminate and trim.
- Have children sit at the table and using the Mathlink cubes, create the picture on each card. Place the correct color Mathlink cube on each square. (Older children can snap cubes together to create the picture. They can use the card as a diagram).
- Have kids count the color of each cube used and write the number in the space provided. Count the total number of cubes used and write in space provided.

Mathlink cubes are available on Amazon.com. To purchase, click on the picture.

Barn

Farm Bingo

Supplies needed:

- White cardstock
- Laminating sheets
- Scissors
- Bingo game markers (M&M's skittles, dry beans, etc.)

Directions:

Print bingo cards and calling cards onto white cardstock.

Laminate all pages.

Cut bingo cards in half.

Cut out all 35 calling cards out.

Place bingo cards into a bag.

Have children pick a bingo card out and place in front of them.

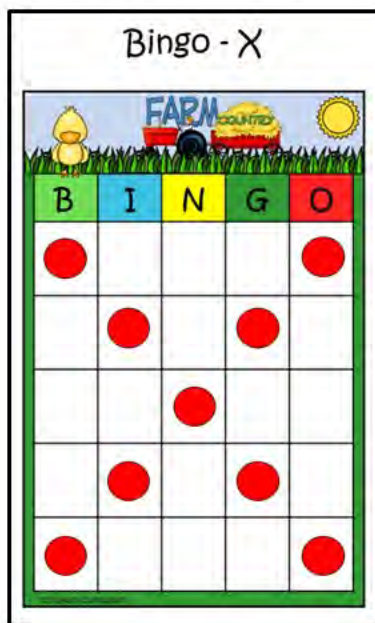

Pass out bingo card markers and have everyone place a game marker on the free space.

Decide on what bingo game you are going to play. (Pictures included)
 Draw a game piece from the bag, read the card and show the children the picture. Have them place a game marker on the matching picture if they have it. Place the calling card onto the game card sheet to keep track of the pictures called.

When children have a bingo, have them call out bingo.

* Print up the bingo game cards you can play onto white card stock, laminate, cut in half and hang up the game you're going to play as a visual for the children.

Bingo - X

A farm-themed bingo card with a 5x5 grid. The top row of the grid contains the letters B, I, N, G, O in colored boxes. The grid is decorated with a farm scene illustration at the top, including a yellow chick, a red tractor, a hay wagon, and a sun. Red circles are placed in the four corners and along the main diagonal (top-left to bottom-right).

Calling cards

Calling cards

- Print up calling cards onto white card stock.
- Laminate
- Cut out
- Place cards in a bag and draw the cards out of the bag.

Thursday Activities

Farm Q-Tips Painting

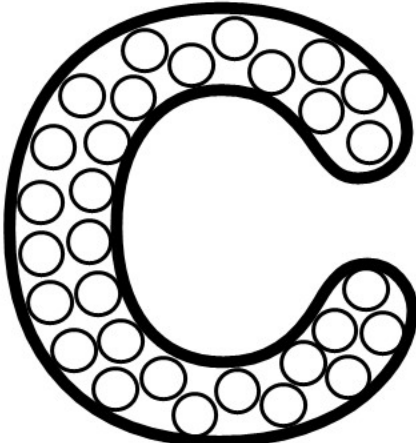

- Print up sheets on white card stock.
- Have small containers of paint available for children and let them paint pictures using Q-Tips and paint.

Barn

Cow

Q-Tip Painting

Pig

Down on the Farm Playdough Mats

Supplies needed:

- White card stock
- Laminating sheets
- Assorted colors of playdough

Directions:

- Print up playdough mats onto white cardstock.
- Laminate and trim.
- Have children sit at the table and make farm shapes on each card with playdough.
- Show children how to roll the playdough and create each shape.

Down on the Farm Playdoh Mats

Directions:
Print up, laminate and trim.

Sit at the table with children and playdough mats. Talk to them about the mat they pick to use and read the card. Let them know what they need to do for each playdough mat. Show children how to roll the playdough to make pieces for the barn, truck, cow, chick, etc. to place on the pictures of the cards.

Children can also take the playdough and press onto the pictures to fill in the space. Kids will have fun working their fingers squishing and pulling the playdough.

You can also use dry eraser markers for preschoolers to write the words and wipe off.

Farm Letter Match

Materials:

- White card stock
- Stickers
- Black sharpie marker

Directions:

1. Print up sheet onto white card stock.
2. Take a strip of stickers and with a black sharpie marker, print letters A – Z uppercase. Write uppercase alphabet on 4 set of different color stickers. Trim so children get an assortment of different colored alphabet.
3. Have children sit at the table and with a sheet place stickers on the correct lowercase letter.

Letter match also comes in b & w. Have children color and then place uppercase alphabet letters on the matching lowercase letter.

Alphabet Match

Alphabet Match

Farm Graph

Print up the following sheet. Using crayons or markers have children count the farm pictures and color the correct number of squares in the graph.

What farm picture comes up more.

Name _____

Farm Graph

Count the superheroes and color the squares.

Active Learning

Pick 3 items to do this week for active learning from the following sheet.

Dramatic Play – Domain: Social and Emotional

Component: Social Understanding and Relationships:

Subcomponent S7 Building relationships: Child establishes and sustains relationships with others

S7.6 Seeks out familiar adults and children for conversation and play

S7.8 Shares information and participates in activities with adults and peers

S7.9 Builds friendship through play, learning activities and conversation with peers

Math – Domain: Mathematics

Component: M1-6: Number Knowledge

Subcomponent M1 Rote counting

The child attends to sequences and use of number words, with or without items, sets, or numerals and without recognizing the link to quality

M1.8 Shows interest in counting or number oriented play, and notices numbers in the environment during free play

M1.12 Points to objects while reciting number word sequence

Art – Domain: The Arts

Component: A1-2: Exploring the Arts

Subcomponent A1 Child shows an interest in learning about different artistic experiences

A1.3 Investigates different art experiences

A2.3 Chooses a artistic expression of their choice

A1.4 Selects their own art experience during play

A1.5 Integrates a variety of art experiences during play

Active Learning – Cont.

Read/Listen – Domain: Language, Literacy and Communications

Component: Emergent Reading

Subcomponent L4 Motivation, engagement: Child has an interest in and sustained attention for literacy acts

L4.9 Focuses on a book while listening to the reader

L4.11 Offers a personal response to stories read aloud

L4.12 Actively participates in reading activities with enjoyment and purpose

K 0.1.10.10 Actively participates in group reading activities with purpose and understanding including the appropriate selection of text for personal enjoyment,

Science – Domain: Scientific Thinking

Component: ST1-2: Discover

ST1 Observe and Question: Child demonstrates awareness and engagement with phenomena, materials, and environment

ST1.4 Asks Questions readily

ST1.6 Uses experiences to stimulate questions

ST1.8 Expresses curiosity and/or formulates questions of complex concepts

K1.1.2.1 Use observation to develop an accurate description of natural phenomena and compare one's observational and descriptive with those of others

Blocks – Domain: Physical and Movement Development

Component P5-6 Fine Motor

Subcomponent P5 Dexterity: Child can coordinate and control movement of hands and fingers to grasp and manipulate objects

P5.11 Stacks 4 blocks

ACTIVE LEARNING: (ACTIVITY AND LITERACY PROPS)

Dramatic Play - Set up an area of the playroom as a farmers' market. Have plastic fruits and vegetables, small baskets for shopping. Print up labels, open and closed sign, farmer's market banner. Other items, cash box with play money, play scale for weighing.

Math - Farmer Number Roll and Cover

Art - Put out various materials for children to make items for your down on the farm theme. Put templates of barns with animal stickers, markers, crayons, shredded yellow paper (hay) and other items for children to decorate their own barns.

Read/Listen - Put farm themed books in the reading area. Go to your local library for other books about farmers and farms.

Writing - Put spin and write sheets in writing area.
Located in preschool small group section

Science/Sensory - The Floating Egg

Blocks - Have children use blocks and building farm structures. Place farm animals in the block center. (Print farm structures and hang in your block center).

Family Connections

Send a copy of My Friends on the Farm book home on Friday.

To Do List:

Make: Print up My Friends on the Farm, Farm number roll and cover, spin and write from small group section.

Buy: Items needed for dramatic play.

Gather: Items needed to put together activities, card stock, laminating sheets, if doing any cooking or baking have ingredients on hand.

Other: Go to your local library and ask the library to help you find more books about farms, farmers and farm animals.

Farmers Market Suggestions on Amazon. Click on picture to purchase, and also put farm toys in search bar.

Farmer Market Banner

Supplies needed:

- White card stock
- Yarn (string)
- Tape

Directions:

- Print up banner letters onto white card stock.
- Trim and fold on the dotted line.
- Figure out how long you want the banner to be and cut the string that length.
- Add the letters in order, place tape on the back of the folded piece and continue until all letters are added to the banner.
- Hang up in your dramatic area.

Fold each banner on the dotted line.

Place the folded banner on the string. Place a piece of Scotch tape on the back to hold in place.

Farmer's Market Open / Closed Signs

You have 2 options for Farmer Market signs. Small and large.

Small Signs:

- Print up on white card stock.
- Laminate.
- Trim.
- Hang up in your Farmer's Market.

Large Signs:

- Print up on white card stock – back-to-back.
- Laminate
- Trim.
- Hang up in Farmer's Market.

Print up the following barn pictures on white card stock. Use pictures for art center. Decorate barns.

SPIN AND WRITE FARM WORDS

Name _____	Spin the wheel and write the word cowboy with what the spinner lands on. Crayon, marker, pencil or highlighter.
	 cowboy

Name _____	Spin the wheel and write the word cowgirl with what the spinner lands on. Crayon, marker, pencil or highlighter.
	 cowgirl

Name _____	Spin the wheel and write the word horse with what the spinner lands on. Crayon, marker, pencil or highlighter.
	

Name _____	Spin the wheel and write the word cactus with what the spinner lands on. Crayon, marker, pencil or highlighter.
	 cactus
Spin and Write	

Supplies needed:

- Copy paper
- Marker – highlighter – pencil – crayon
- Spinner
- Spinner template

Directions:

Print up sheets for children and leave in the writing center.

Have a marker, highlighter, pencil and crayon and spinner available for each child. (For future files I add, you will be able to use these spinners more than once so keep them in your writing center with the writing instruments.

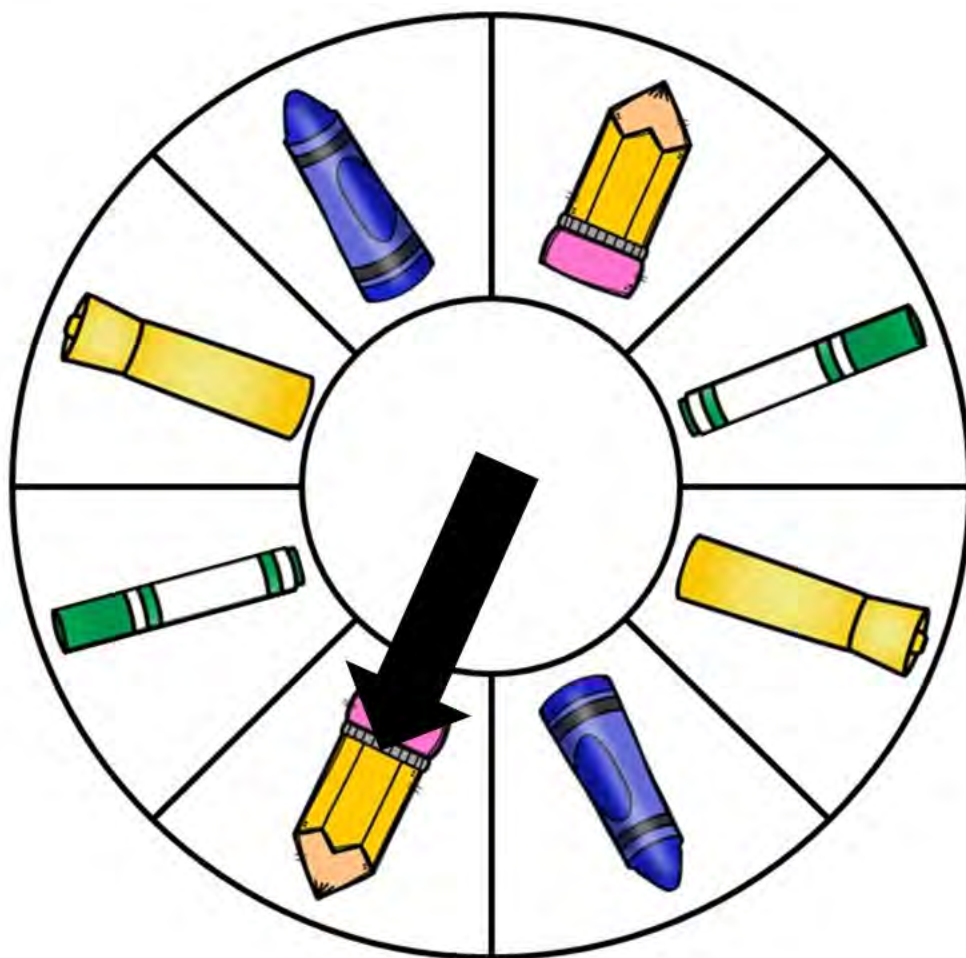

Have children pick a word that they would like to practice writing.

Children will spin the spinner. Whatever the spinner lands on, (crayon, marker, highlighter or pencil), they will write the word on the paper in one of the spaces provided.

Use any pages and add to their memory book.

Addition idea: Children love to use the spinner, so when they get done writing the word, have them spin the spinner to see what they will color the picture with. Crayon, marker, highlighter or pencil.

Print up spinner on the following page onto white card stock on the following page. Cut out.
Attach spinner.

Arrow spinners can be purchased at

http://www.boardgamedesign.com/pages/go_shopping_2012/arrow_spinners.htm

vegetables

Spin and Write

Name _____

Spin the wheel and write the word fruit with what the spinner lands on. Crayon, marker, pencil or highlighter.

	
	fruit

Spin and Write

The Floating Egg

Directions:

This experiment has to do with the difference in density between pool water and salt water. Salt water is denser than pool water and this experience will give children a visual of why this happens.

Density is defined as mass per unit of volume. If you were to weigh 1 cubic cm of pool water and 1 cubic cm of ocean water, you would find that the ocean water weighs more.

- Gently place an egg into the first glass of water. Does it sink or float? (It should sink).
- Add about 6 tablespoons of salt to the second glass of water. Stir until the salt dissolves.
- Gently place the second egg into the glass of salt water. Does it sink or float? (It should float. If it doesn't, add more salt to the water).

Ask children before placing each egg in the water if it will float or sink. Write down each guess.

Supplies needed:

- 2 glasses of water
- 2 eggs
- Stirring spoon
- 1 tablespoon
- Salt

The Floating Egg

Organizing your Preschool Activities

Planning how you will organize your preschool activities can be as easy and simple as you want it to be. Do you want it to be easier to access? The following pages and pictures will show you a way to organize and have it easily accessible to you when you do the down on the farm theme.

There will be pictures and links to purchase folder and pocket folders. This is the way I am personally putting together my weekly themes. Take these ideas and shop your local Target, or other stores to find items that will work in your organization of your theme.

Down on the farm preschool activities are stored in a 3-ring binder. 1". Sample shows an Avery flexible binder.

This 3-ring binder was purchased online at [Amazon.com](https://www.amazon.com).

To purchase, click on picture.

Page to add to the front of your 3-ring binder.
Print on white card stock.

Trim the white edge off and place in the front
of the 3-ring binder.

Down on the Farm

PRESCHOOL ACTIVITIES

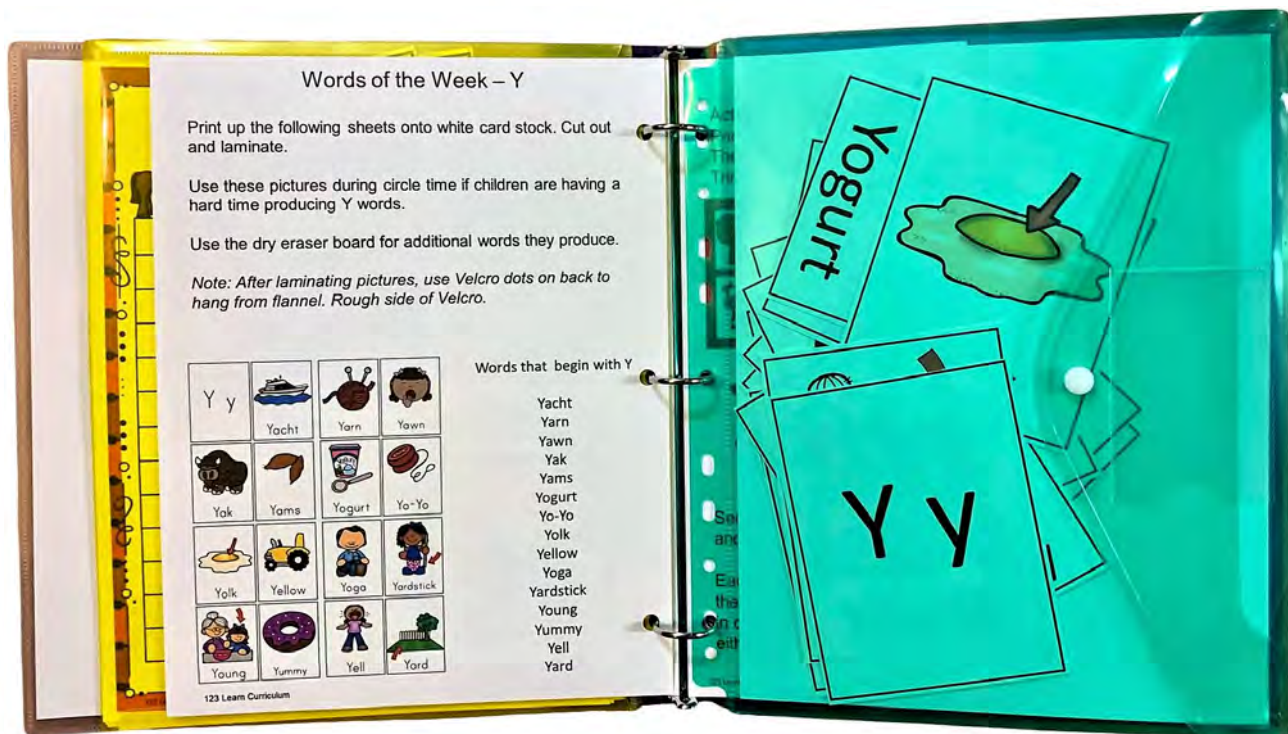

ECIPs
(Early Childhood
Indicators of Progress)

By

Learn Curriculum

Print up the 1st page of each activity in the preschool lesson plan using white card stock. Using a 3-hole punch, punch holes in the sheet and add to the 3-ring binder.

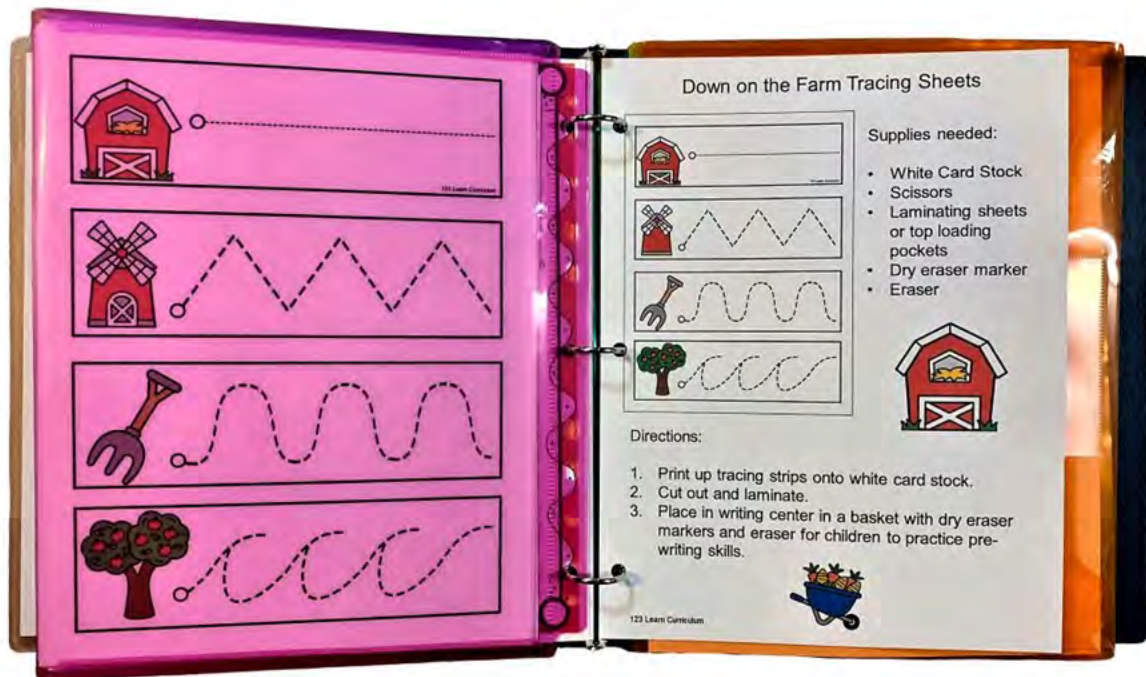

You can do a search on Amazon for a 3-ring punch.

Click on picture to purchase the one shown.

You can save on pocket envelopes by placing a piece of white card stock in the envelope before adding items. Place items for 2 separate activities on both sides of the card stock.

The pictures and links are only an example of what you could do to make it easier to organize your preschool lesson plan. There are links for resources to purchase, but you can also visit your local Target or office supply store and see what they have available, and if this would work for you. As always, any feed back would be appreciated, or finished pictures of your lesson plan. JeanieB506@aol.com

Label for Bin

The following sheet is printed on self-adhesive full sheet labels. Once printed, cover with a self laminating sheet and trim.

Remove adhesive paper from the back of the label and attach to the container.

Putting a self laminating sheet over the label before trimming will protect the ink and it won't fade or rub off.

Samples of items to purchase from Amazon, but you can look at your local office supply store for identical items. Click on picture to purchase from Amazon.

Smaller label for smaller bin or use shipping label and type in Down on the Farm.

Family Notes and Notes Home

- **Family Notes.** Print up and send home with each child the Friday before you start the down on the farm theme.
- **Blank Notes.** Additional notes for you to use and send home during this theme. They are in the format of Childcare, Day Care or Preschool, depending on what term you use. Use the appropriate note and print up. Write your note and send home with children

Family Notes and Notes Home

You have 2 options when using the family notes and notes home.

- Print up - write directly onto them, make copies and hand out.
- Bring up form you would like to use. The templates can be typed directly onto the form in the blue boxes. Type in the blue boxes and print up. You will not be able to save the data, so make sure you do all the typing needed and print up.

When printing, the blue boxes will not show up.

Dear Family,

Next week, our theme is Down on the Farm. During this time, if you have any books or DVD's that are theme related that you would like to share, please feel free to bring them.

The color for this theme is pink. Please help your child locate something to bring or wear for Color Day on _____.

We will also learn about the number 4, shape triangle and letter Y.
