Pets Cap Counting Activity Cards

This activity was designed using the caps off Squeezable – Applesauce and Shine Organics pouches. You can also use milk covers, Poms Poms or play dough rolled up into balls.

Supplies needed:

- Number format. 1 – 20.
- Caps off of squeezable containers, gallon milk covers or other items for counting. Keep in mind the age of your children and choking hazards.
- Laminating sheets.
- Bowl for caps or other counting supplies.

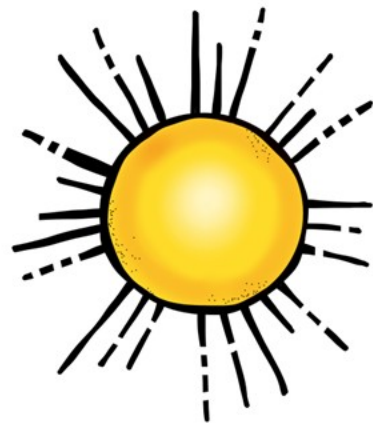

Directions:

- After printing up the templates you are going to use, laminate cards.
- Have children sit at table with a bowl or basket of the covers you are going to use.
- Start with the number 1. Ask child what the number is and help them if needed. Count with them the number of caps you want to put on the card.
- You can also work in colors by asking child what color they would like to use or ask them to pick a certain color to place on the card.
- You can do this as a group or one on one as a center activity.

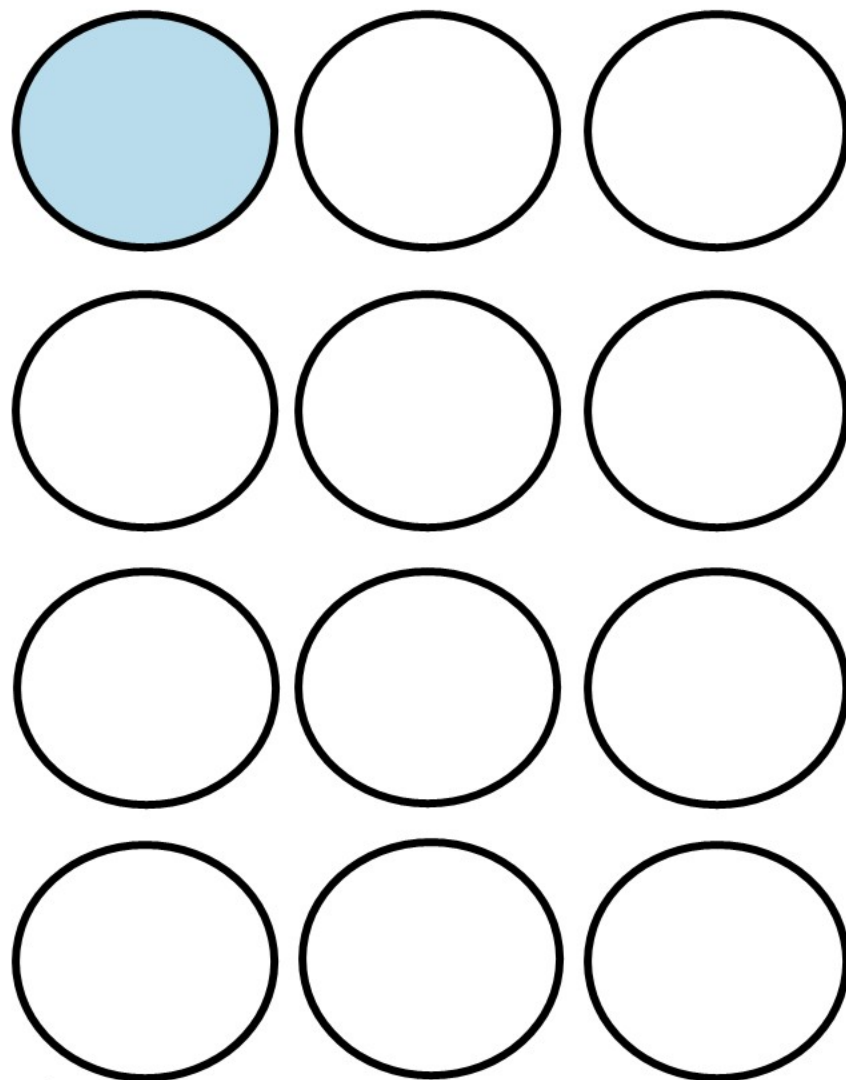

This pets counting caps activity cards include a blue circle for each number on the cards.

Number 1 = 1 circle, number 2 = 2 circles and so on.
Use this template if you have younger children so they have a visual of the number of caps to put on each card.

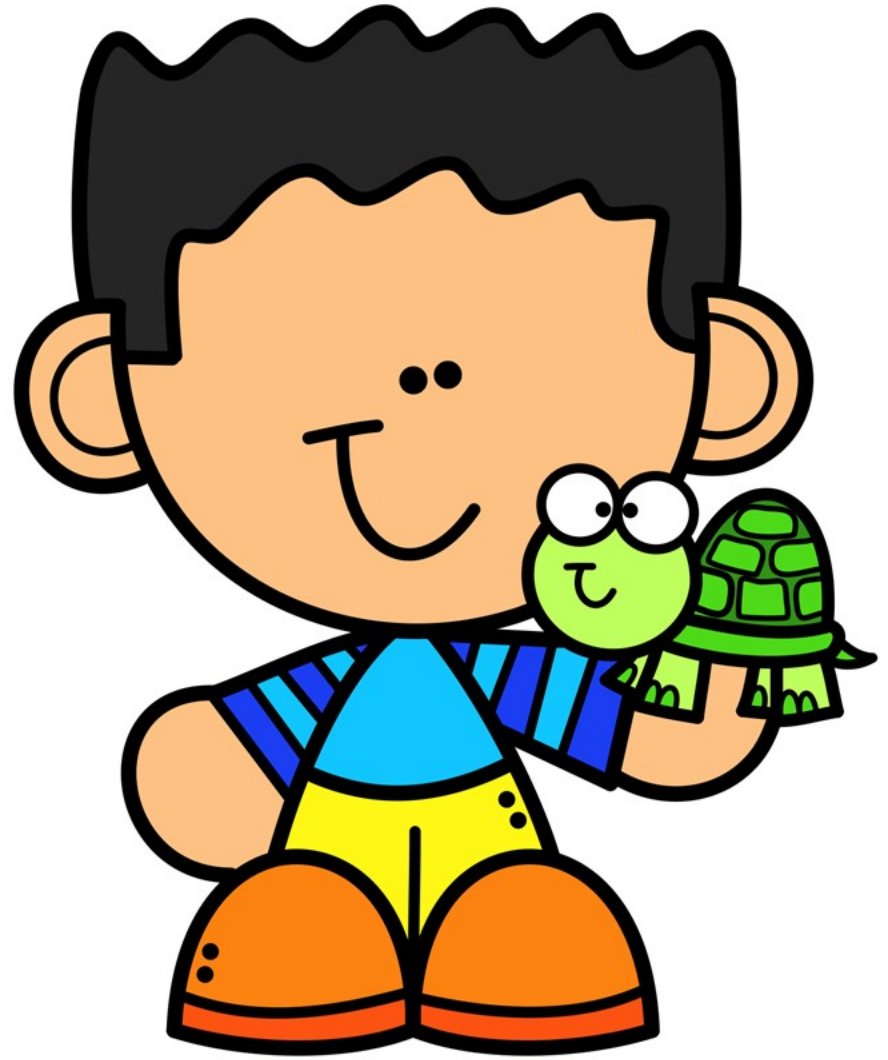

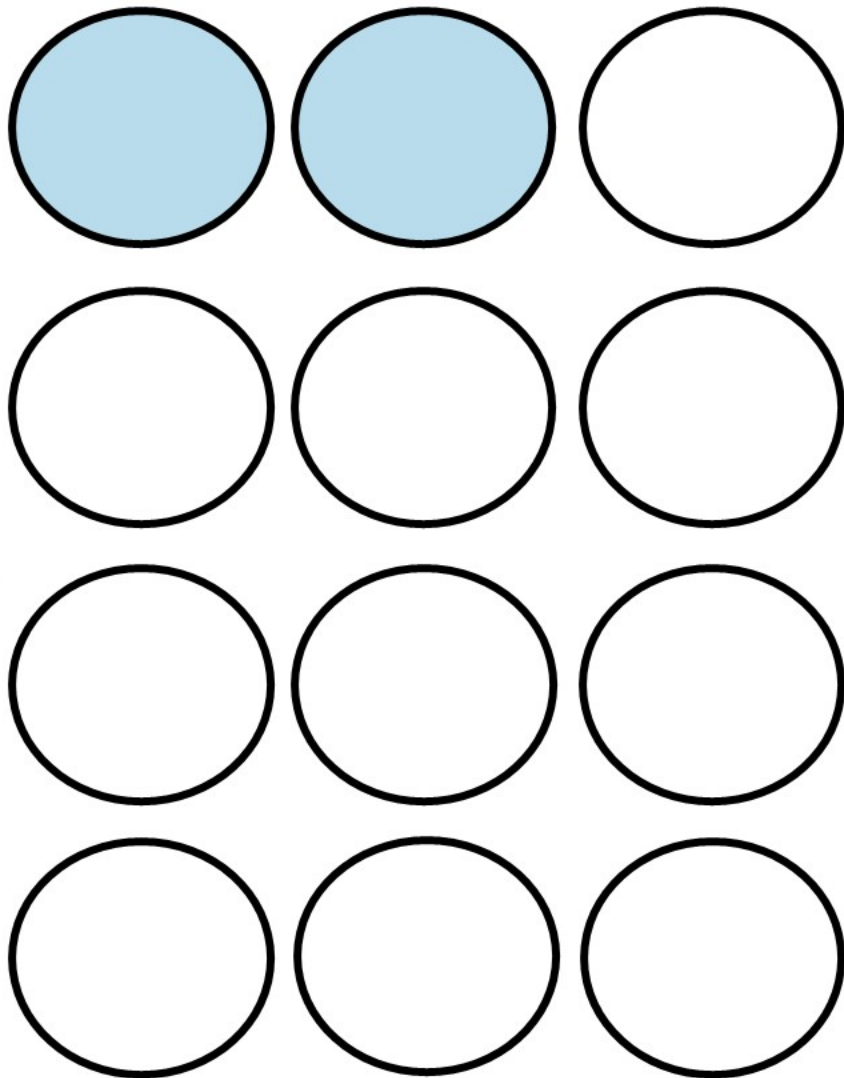

Count with them as they do this activity to reinforce number counting.

This pets counting caps activity cards include a colored outline circle for each number on the cards.

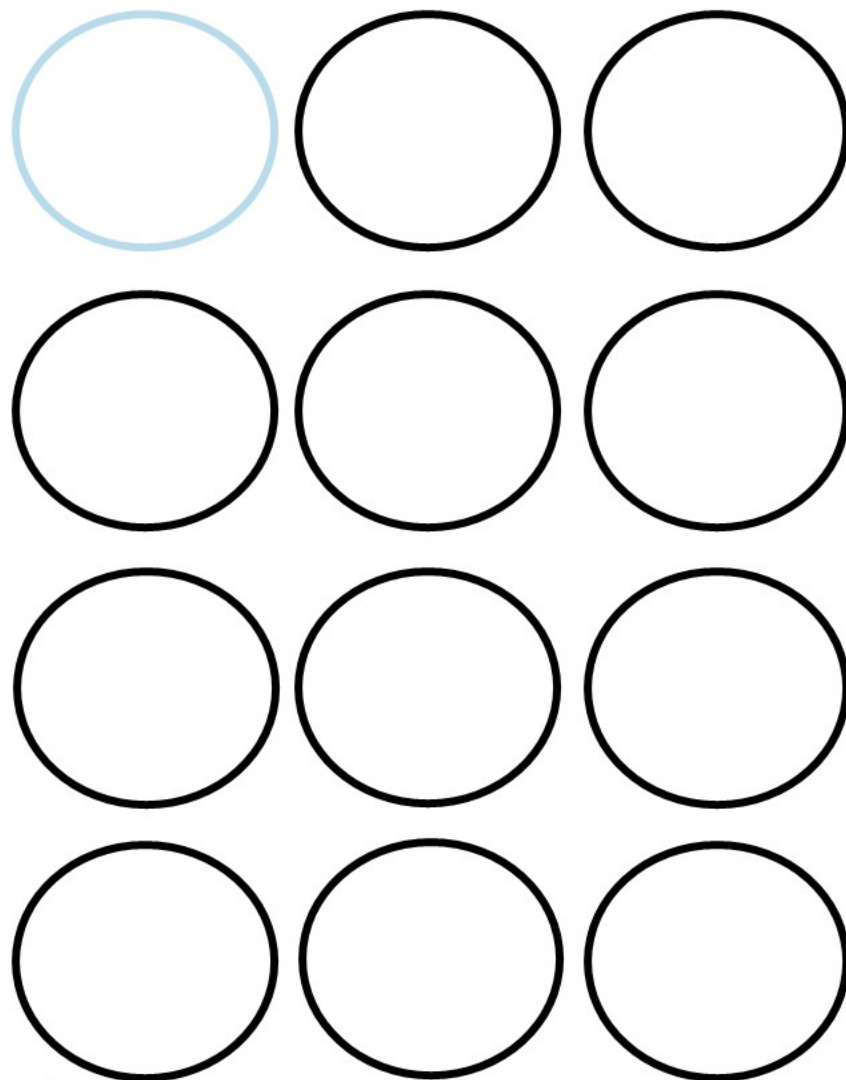

Number 1 = 1 circle, number 2 = 2 circles and so on.

Use this template if you have younger children so they have a visual of the number of caps to put on each card. This isn't as strong as a visual as the first template but would be good for older toddlers – younger preschoolers.

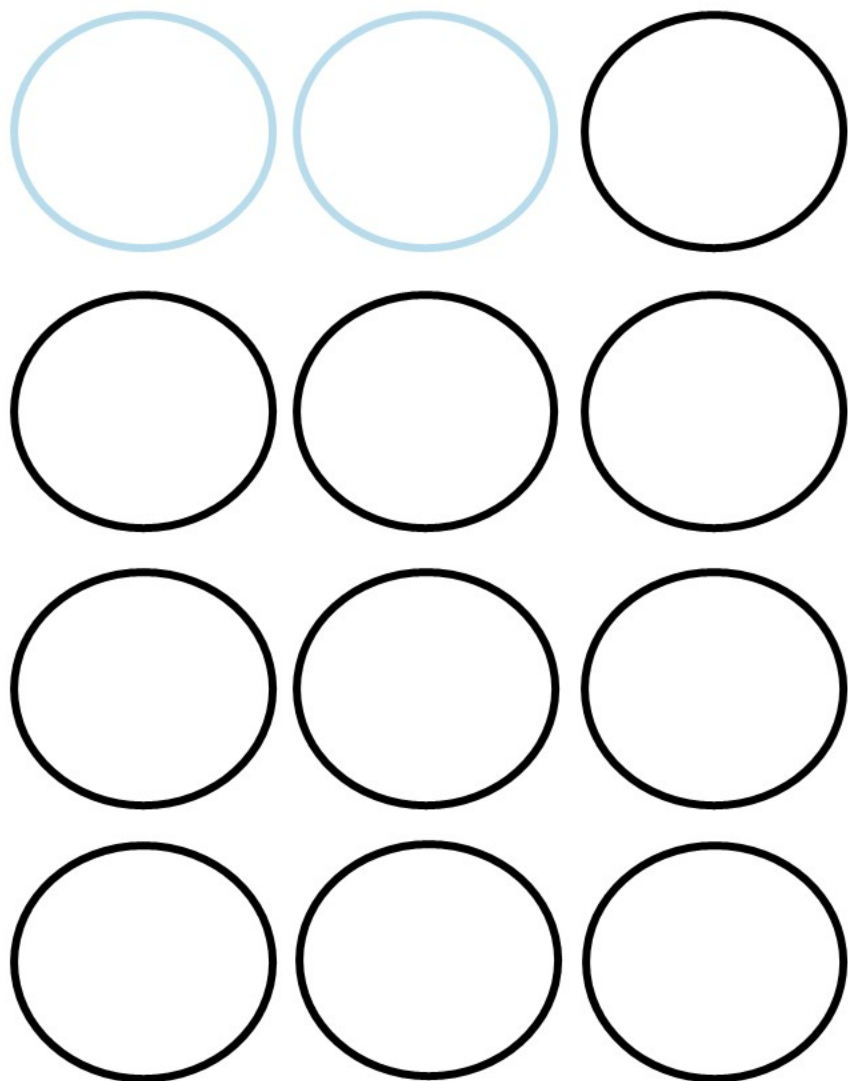

Count with them as they do this activity to reinforce number counting.

This pets counting caps activity cards include a black outline circle for each number on the cards.

Use this template for older preschoolers that don't need the visual to help with their counting.

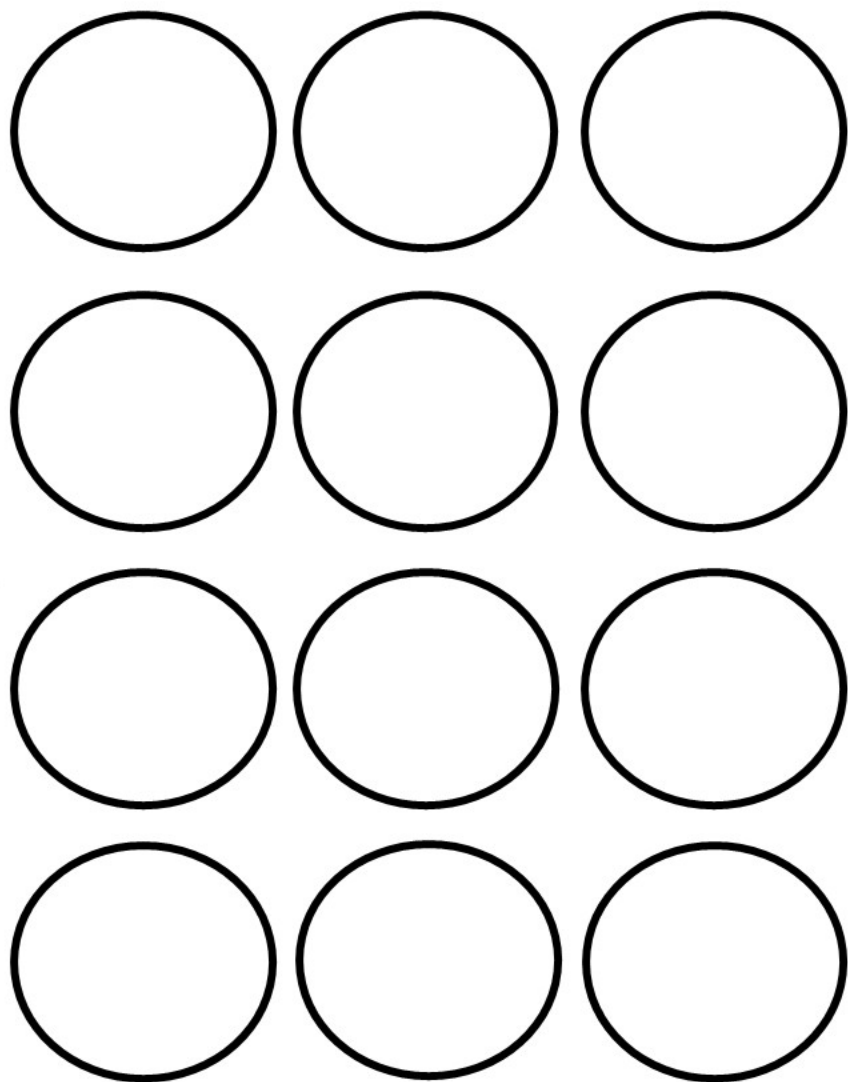

Count with them as they do this activity to reinforce number counting if needed.
