

# Flashcards

There are 2 sets of flash cards for the letter P, color blue, number 6 and shape rectangle.

The 1<sup>st</sup> set you print up on white card stock, trim and fold the cards in half to make the flash cards double sided. Laminate after you fold them and punch a hole at the top. Place them on a key ring.

You can use the B & W set to save on ink and color yourself or use the B & W flashcards as an additional project for the children.

The 2<sup>nd</sup> set of flashcards, print up on white card stock, trim and laminate. Choose the flashcard set you wish to use with your theme.

## Flashcards

P – 6 – Blue - rectangle

You have the choice of color or b & w.
