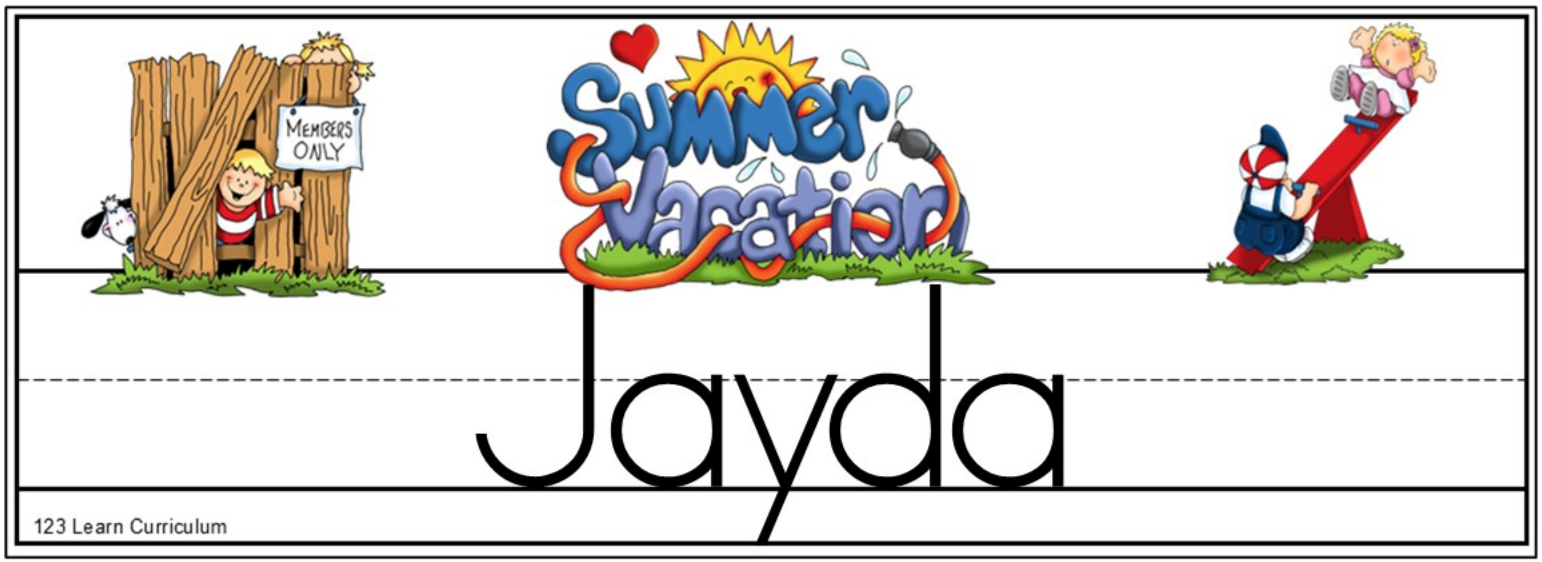
Name Templates

Print up on white card stock. You can use for table labels. This helps the children recognize their own names and the names of their friends and gives them their own “special” place to sit during meal and art time.

Use as templates for having the children practice writing their names. Print the child’s name on a template and hang from the ceiling. Have the children’s name in different areas for them to recognize.



Summer Fun Name Template

The following page has boxes that you can type directly onto and print. Just click on the blue boxes and type names and print.

Blue boxes will not show up when you print.

2nd option: print up and write names directly onto the sheet. (Forms cannot be save, so make sure you have time to fill them out completely before you print up).
